

## Adolescent HPV Immunization Rate Assessment Report 2015 Third Quarter – July 1, 2015

The Maine Immunization Program conducts an immunization assessment on the 1<sup>st</sup> of each quarter (January, April, July, October) which includes all adolescents in the State of Maine immunization registry, ImmPact, associated to a practice which enters client specific data. These assessments follow the standard Centers for Disease Control and Prevention adolescent HPV assessment criteria of 13-18 years of age immunized for 3:HPV (Human Papilloma Virus).

County	Both Females & Males	Females	Males
