Adolescent HPV Immunization Rate Assessment Report 2015 Fourth Quarter – October 1, 2015

The Maine Immunization Program conducts an immunization assessment on the 1st of each quarter (January, April, July, October) which includes all adolescents in the State of Maine immunization registry, ImmPact, associated to a practice which enters client specific data. These assessments follow the standard Centers for Disease Control and Prevention adolescent HPV assessment criteria of 13-18 years of age immunized for 3:HPV (Human Papilloma Virus).

County	Both Females & Males	Females	Males
