Electronic Death Registration System (EDRS)
Training Request Form**

WebEx:

For those stakeholders (medical certifiers, examiners and staff) interested in receiving training by WebEx, please fill out the attached 2014 Training Request Form. Be sure to indicate the date you would like for the WebEx and fax the completed form to the fax number (207) 287-2681.

The WebEx sessions consist of navigating through EDRS screens and sections that pertain to each user type (medical certifiers, examiners and staff) During the WebEx session, participants will be able to ask questions and will have access to materials they can utilize after the WebEx session.

Those who participate in the WebEx will have two (2) weeks access to the EDRS test site to explore the application prior to going live. Training user names and access to the EDRS test site will be provided to you after the WebEx session.

Participants will need to complete and fax the EDRS enrollment form and non-disclosure notice to the EDRS fax number at (207) 287-2681. Participants will receive their username, password, and the link to the EDRS production site within one week and will be added to the participant listing.

Please make sure as a new user you are ready to “go live”. For those who need more time, please feel free to e-mail us requesting additional time and/or training.

Try On My Own/Hands On:

For those of you who are computer savvy or you have already had some experience with the DAVE application from working with co-workers who are current users, you may want to try learning the application on your own.

Upon completion of the 2014 Training Request Form, participants will receive an e-mail providing them with access to the EDRS test site along with test training user names and passwords. The material needed (depending upon user role) will also be provided in the e-mail as well. Instructional step-by-step training exercises, frequently asked questions, and workflows have been developed for your use and easy navigation through the EDRS test environment.

Once participants feel comfortable and are ready to “go live”, simply fax the enrollment form and non-disclosure notice to the EDRS fax number at (207) 287-2681. Participants will receive their username, password, and the link to the EDRS production site within one week and will be added to the participant listing.

Please make sure as a new user you are ready to “go live”. For those who need more time, please feel free to e-mail us requesting additional time and/or training.

Funeral Homes: Funeral Director* Funeral Home Staff Other

Medical Providers – Please Read:

The EDRS system is designed that when there is a case that requires action, an external email notification is automatically sent to all medical certifier users at the selected facility. For example, if a Funeral Director does a Request Medical Certification to Dr. Joe Smith at Eastern Maine Medical Center, all medical certifier users at Eastern Maine Medical Center will receive the external email, not just Dr. Joe Smith.

If you do not want to receive external email notifications, we can turn this feature off. However, once we turn off this feature, you will no longer be able to receive any emails, including emails involving your own cases. You will, however, receive your internal "messages" in the Messages frame found on the Main Menu.

I do not want to receive external emails I want to receive all external emails

Electronic Death Registration System (EDRS) Confidentiality and Non-disclosure Statement

The State of Maine has implemented an electronic death registration system (EDRS). This secure, web-based system will enable the multiple parties involved in producing death certificates (funeral directors, health care providers, and medical examiners) to electronically access records and enter critical information. For deaths that occur after deployment of the system, municipalities with internet access will be able to use the system to print copies of death certificates for their customers. The Chief Information Officer (CIO) is by law, responsible for safeguarding computerized information for the State of Maine. The CIO has determined that individuals who use State of Maine computer resources directly, or who may otherwise have access to computerized information of the State of Maine, be advised of the following:

1. Any USERID and password issued to you is for your exclusive personal use only, and must not be divulged to anyone.
2. You may use State of Maine computer resources for business purposes only and only through those processes/programs specifically authorized to you by the Bureau of Information Services or its agent(s).
3. Title 17-A Section 432 MRSA states: "A person is guilty of criminal invasion of computer privacy if the person intentionally accesses any computer resource knowing that the person is not authorized to do so.
4. Title 17-A Section 433 MRSA states: "A person is guilty of aggravated criminal invasion of computer privacy if the person:
A. Intentionally makes an unauthorized copy of any computer program, computer software or computer information, knowing that the person is not authorized to do so; B. Intentionally or knowingly damages any computer resource of another person, having no reasonable ground to believe that the person has the right to do so; or C. Intentionally or knowingly introduces or allows the introduction of a computer virus into any computer resource, having no reasonable ground to believe that the person has the right to do so.

Individuals having access to computerized information belonging to the State of Maine are required to read and sign a copy of this statement indicating their acknowledgment and understanding of it.

By signing this document I hereby agree to abide by all Maine laws and regulations regarding the creation, submission or issuance of death and/or birth certificates during my use of the Database Application for Vital Events (DAVE). I understand that every individual who is authorized to access EDRS/EBRS holds a position of trust relative to this information and must recognize the responsibilities entrusted to him/her in preserving the security and confidentiality of this information.
