

**OCFS Provider Contract Performance Measures Report:
Child PNMI Services Treatment Outcome Standard- 80% Do Not Access ITRT Within 1 Year of Discharge
(Includes MaineCare members and Courtesy Reviews done by APS)
07/01/2012 To 09/30/2012**

Report Source: Authorization data from APS CareConnection®

Definitions:

- **Courtesy Review** - APS completes courtesy reviews when a member is not MaineCare eligible at the time of admission, but is expected to be served using either MaineCare and/or state funds.
- **ITRT** - is an abbreviation for Intensive Residential Treatment. ITRTs provide residential treatment for youth under age 21 with mental illness or mental retardation or both. Crisis Units, Treatment Foster Care and Infant residential care are not included in the definition. In Maine, residential treatment is also called **PNMI**.
- **PNMI** stands for Private Non-Medical Institution (PNMI). PNMI's provide food, shelter, personal care, and treatment services to four or more residents in single or scattered site facilities. PNMI services are not provided in medical settings such as hospitals or nursing homes. There are four types of child PNMI as follows: Mental Health Level I & Level II and Mental Retardation Level I & Level II.

What This Report Measures: The number of youth discharged from residential treatment and whether or not they return to a residential treatment within 1 year. This report is about youth discharged from services over a year ago. This allows time to pass before assessing the outcomes of treatment. It includes the youth discharged from APS CareConnecton system as well as the youth whose authorization for the service has expired. All youth are included regardless of the stated living situation at discharge. The only exception is a youth who has a new authorization for residential treatment within 1 day is presumed to have transferred. In this report, this type of documented transfer is not counted as a discharge and is not included in the numerator or denominator.

Total number of youth discharged from residential treatment: 70

Total number of youth who did NOT return to residential treatment within 1 year: 54

Percent of youth who did NOT return to residential treatment within 1 year: 77%

Providers	<u># NOT returning to residential treatment within 1 year</u>	<u># Discharged</u>	<u>% NOT returning to residential treatment within 1 year</u>
