

**OCFS Provider Contract Performance Measures Report: Section 28 Community-Based Services Outcome Standard**  
**95% of those currently in Sec 28 do not access PNMI or Inpatient during quarter**  
**(Includes MaineCare members and Courtesy Reviews done by APS)**  
**Report Dates: 10/01/2013 To 12/31/2013**

**Report Source: Authorization data from APS CareConnection®**

**Definitions:**

- **Section 28 Community Based Rehabilitation and Community Support Services (Sec.28)** is also known as Rehabilitative and Community Services. The service is for youth up to the age of 21 who have a developmental disability that affects their everyday functioning. (Ex. Autism, intellectual disability (MR), Retts Syndrome, PDD). Services include skill building in activities of daily living and behavior management. Services may be delivered in individual or group settings, and are intended to help the child function better in home and community through working on goals identified in a treatment plan. School-based Section 28 is not included.
- **Code H2021HI** is Services for Children with Cognitive Impairments and Functional Limitations - 1:1. Note, neither H2021HI for School-based services nor H2021HK which is Specialized Services for Children with Cognitive Impairments and Functional Limitations - 1:1 is included in this report.
- **PNMI** stands for Private Non-Medical Institution (PNMI). It means residential treatment. PNMI's provide food, shelter, personal care, and treatment services to four or more residents in single or scattered site facilities. PNMI services are not provided in medical settings such as hospitals or nursing homes. The types of child PNMI as follows: Multidimensional TFC, Mental Health Level I & Level II and Mental Retardation Level I & Level II. Note that other forms of Treatment Foster Care and also Crisis Units are not included in the definition of residential treatment.
- **Inpatient psychiatric services** Children's inpatient psychiatric services are available at two private psychiatric hospitals (Acadia and Spring Harbor) and two community hospitals that have inpatient psychiatric units that serve children (Northern Maine Medical Center & St Mary's Regional Medical Center). Out of state hospitals such as Hampstead Hospital are also included. Hospitals designate whether they are providing child or adult inpatient psychiatric services to a member. Thus, an 18 year old may be authorized for adult inpatient services or a 20 year old may be receiving children's inpatient services.

**What This Report Measures:** The percent of youth currently in the community-based Section 28 service (H2021HI) who do not have any inpatient admissions or child PNMI admissions during the quarter. The denominator includes youth with an authorization in APS CareConnection at any point in the quarter, including youth who were discharged during the quarter. The numerator is everyone in the denominator who had no authorizations for child inpatient psychiatric services or for child PNMI during the quarter. If the youth was admitted to Section 28 during the quarter, any inpatient or child PNMI admissions prior to entering the Section 28 service are not included

**# of unique members\* in Section 28 Community-based services (H20221HI only) : 2,189**

**# of unique members admitted to either inpatient or PNMI or both: 33**

**% of members not admitted: 98.5%**

\* Note: If a youth has authorizations for community-based Section 28 from two different providers, then they are counted twice.
