

Generating a 2014 Certified EHR ID Number

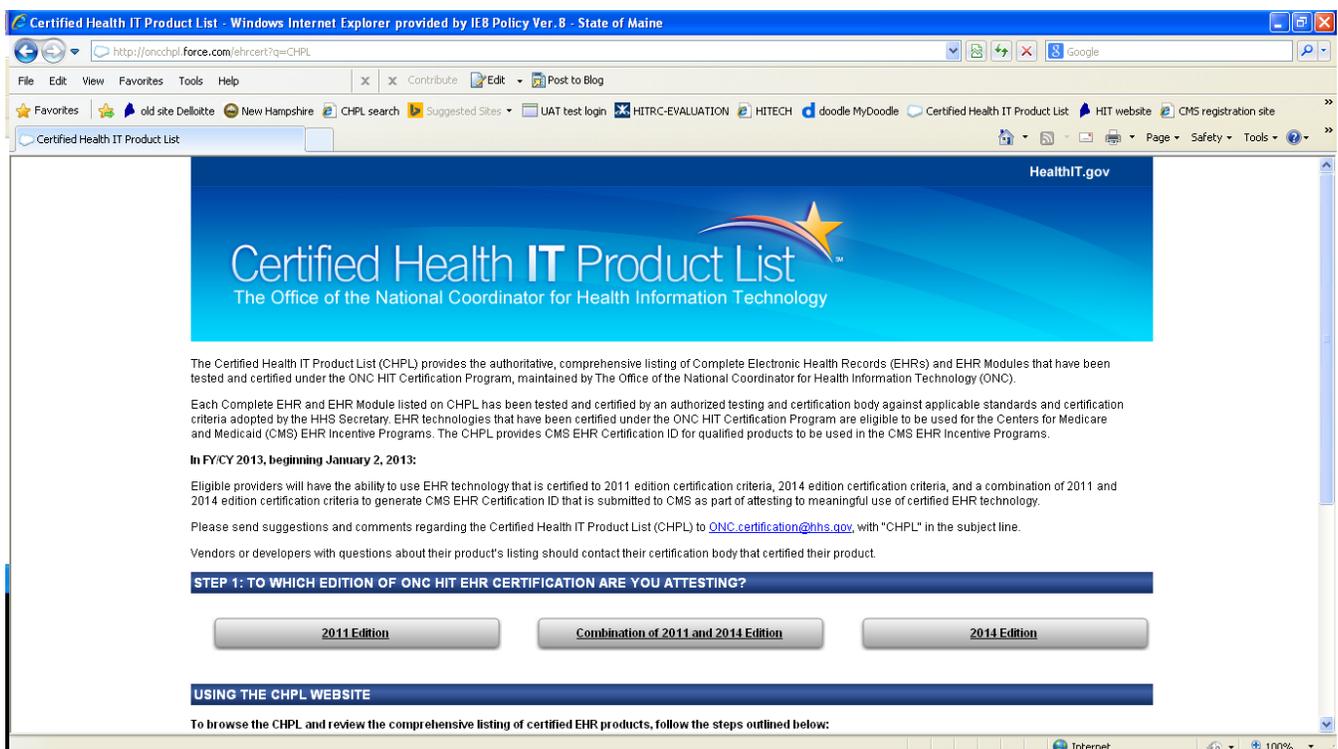

As of January 1, 2014 all EHR certifications are required to meet 2014 Edition Criteria.

There will be a new CMS EHR Certification ID number for every EHR product that must be updated in each provider's registration.

A Guide is available for updating your registration at: <http://www.maine.gov/dhhs/oms/HIT/> Scroll to the bottom of the page, guide is listed under: **Educational Resources**

Follow the directions below to generate your 2014 EHR Certification ID number:

Step 1: Go to the Certified Health IT Product List site: <http://oncchpl.force.com/ehrcert>

Step 2: Select your EHR certification edition

Prior to 2014 all products were certified to 2011 criteria. The 2014 edition has the capability to meet 2014 Meaningful Use measures for Stage 1 and Stage 2.

- All vendors were to have the 2014 products available for the 2014 program year. There have been some issues for some vendors getting the 2014 editions out in time for providers to meet MU for 2014.
- CMS has proposed a rule change that will address the issues. Please click [here](#) to sign up for the CMS List serve to receive direct notification from CMS of all updates concerning the proposed rule change and other CMS notifications concerning the EHR Incentive Program.

Step 3: Click the ONC HIT EHR Certification criteria year for your product (2014 Edition)

2011 Edition

Do not pick for a 2014 product

Combination of 2011 and 2014 Edition

Do not pick for a 2014 product

2014 Edition

Click here for all 2014 editions

Step 4: Find your EHR product(s)

To search for a Certified EHR Product click the middle box – shown below

You can search by:

- CHPL Product number
- Product Classification
- Product Name
- Vendor Name

For this exercise I will search by product name: centricity

Certified Health IT Product List - Windows Internet Explorer provided by IEB Policy Ver. 8 - State of Maine

http://onchpl.force.com/ehrcert/ehproductsearch

HealthIT.gov

Certified Health IT Product List
The Office of the National Coordinator for Health Information Technology

Selected Attestation : 2011 Edition - Ambulatory

STEP 3: SEARCH FOR CERTIFIED EHR PRODUCTS

Search for certified complete EHR products or EHR modules by browsing all products, searching by product name, CHPL product number, vendor name, product classification, and criteria met.

Browse All Ambulatory Products

Search by Name or CHPL Product Number:

Select search type:

- Product Name
- CHPL Product Number
- Product Classification
- Product Name
- Vendor Name

Search

Search by Criteria Met

Search

In this sample case searching by the product name - centricity, the return is 28 products

Your Search Results: Showing 1-25 of 28 Products Found

STEP 3: ADD PRODUCTS TO YOUR CART

To add a certified complete EHR product or EHR module(s) to your cart, click the "Add to Cart" link in the far-right column of the table below. You can add multiple products to cart. After adding product(s) to your cart, you will be directed to the cart page. The cart page displays the certification criteria, clinical quality measure (CQM) domains, inpatient CQMs, and ambulatory CQMs that are met by the product(s) in your cart. Once the product(s) in your cart meet 100% of the required certification criteria, CQM domains, and either inpatient or ambulatory CQMs, you can obtain a CMS EHR Certification ID.

You can sort on any column in the table below. To sort, click on the column header and the arrow (↕) will confirm the ascending or descending sorting order.

You can use the 'Practice Type' filter below to narrow down your search results:

Ambulatory Inpatient Both

Certifying Body	Original Practice Type	Vendor	Product	Product Version#	Product Classification	Additional Software Required	Capability	Law
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	v9.8 R1	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart

Locate the version of your product. If this is the only product for your system be sure to select the "Complete EHR" as some versions of the same product are also available as modules. If your system is made up of multiple modules you will select and add each one separately.

For this exercise version 9.8 is the correct version. If there are more than one of the product listed with the same version (as shown below) you must identify your product by clicking the product name and verifying that you have the correct CHPL Product Number. This number is available from your vendor if you do not have it. See below to locate the CHPL yourself.

Certifying Body	Original Practice Type	Vendor	Product	Product Version#	Product Classification	Additional Software Required	Capability	Law
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	v9.8 R1	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Modular EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, Qvera Interface Engine 2.0, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
CCHIT	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE, Centricity Clinical Gateway, 9.2.0; GE, Centricity Clinical Messenger, 6.4; GE, Centricity ePrescribing, 3.5; GE, Centricity Patient Portal, 6.4; GE, Patient On Line, 13.03; GE, Secure Messenger for POL-CEMR, 13.03; Qvera, Qvera Interface Engine, 2.0; Truven	SRE	Add to Cart

If you need to look up the CHPL number, the screen below comes up when you click on the product name (shown above). The CHPL is highlighted below in yellow. Identifying the CHPL number will allow you to choose the correct product to generate the EHR Certification ID number. Your vendor may have supplied you with the CHPL number. If you cannot find this number and the vendor is unable to assist you please contact us and we will assist you.

CERTIFICATION CRITERIA DETAIL VIEW

GE Healthcare - Centricity EMR 9.8

Certification Year: 2014

Certifying Body: Drummond Group Inc. | **CHPL Product Number: 02202014-2595-1**

Product Classification: Complete EHR | Practice Type: Ambulatory

Additional Software Required: GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR

Product Last Modified: 03/05/2014

Once you have located the CHPL# you will click "Return to search" in the upper right corner of the page to get back to the search results.

Do not click the back button in your browser as it will not return to the search page. If you do lose the search results start over by repeating the steps above.

Return to Search

Click here to return to the search results after you have located the CHPL#. **Do not use your browsers back button**

CERTIFICATION CRITERIA DETAIL VIEW

GE Healthcare - Centricity EMR 9.8

Certification Year: 2014

Certifying Body: Drummond Group Inc. | CHPL Product Number: 02202014-2595-1

Product Classification: Complete EHR | Practice Type: Ambulatory

Additional Software Required: GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR

Product Last Modified: 03/05/2014

Step 5: Generate the CMS EHR Certification ID Number

When you are sure you have the correct product you must click “Add to Cart”

This action is necessary to generate the Certification ID number; it is **not** a purchase

Matching Product						<input type="checkbox"/> See Complete Products Only		
Certifying Body	Original Practice Type	Vendor	Product	Product Version#	Product Classification	Additional Software Required	Capability Tag	
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	v9.8 R1	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Modular EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, Qvera Interface Engine 2.0, GE Secure Messenger for POL-CEMR	SRE	Add to Cart
CCHIT	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE, Centricity Clinical Gateway, 9.2.0; GE, Centricity Clinical Messenger, 6.4; GE, Centricity ePrescribing, 3.5; GE, Centricity Patient Portal, 6.4; GE, Patient On	SRE	Add to Cart

When you add a product to the cart you will arrive at the screen below. If you have multiple EHR products to add before you generate the EHR Certification ID number you will click the “Return to Search Options”. Repeat the process until all products are in the cart that make up your EHR system.

The cart page (shown below) displays the certification criteria that are met by the product(s) in your cart. Once you have added all products for your EHR system you will generate the CMS EHR Certification ID by clicking “Get CMS EHR Certification ID”.

Selected Attestation : 2014 Edition

[Return to 'Search by Field'](#)

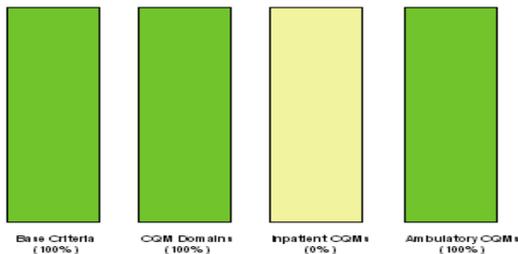

[Return to Search Options](#)

STEP 4: REQUEST CMS EHR CERTIFICATION ID

Certification Bar Summary

The certification columns provide a summary of the certification criteria required to satisfy the Base EHR definition, COM domains, Inpatient COMs, and ambulatory COMs that are met by product(s) in your cart. The columns titled in green represent the percentage of Base EHR criteria, COM domains, Inpatient COMs, and ambulatory COMs met by the product(s) in the cart, columns titled in yellow represent the time percentage.

Place your mouse over the individual columns for Base EHR criteria, COM domains, Inpatient COMs, and ambulatory COMs to view the corresponding detailed certification summary. You can also place your mouse over or click the individual items in the detailed certification bar to learn more. Base EHR criteria, COM domains, Inpatient COMs and ambulatory COMs highlighted in blue have been met by product(s) in the cart, items in gray have not.

Requesting Your CMS EHR Certification ID

If the product(s) in your cart meet 100% of the required Base EHR criteria, COM domains, and either Inpatient or ambulatory COMs, you can then obtain a CMS EHR Certification ID.

If the product(s) in your cart do not meet 100% of the required 2014 criteria, click “Return to Search Options” link and continue to add additional products.

[Get CMS EHR Certification ID](#)

The Base EHR definition must be satisfied in order to meet the CEHRT definition. Note: Certification criteria for Accounting of Disclosures (S 170.314(b)(5)) is optional for systems or technologies seeking certification. This, as a “red” tag in your certification bar, the product(s) in your cart can still meet 100% of the required certification criteria.

For an EHR or CAH, EHR technology needs to be certified for no fewer than 16 COMs that cover at least 3 domains as identified in the Stage 2 final rule.

For an EP, the EHR technology needs to be certified for no fewer than 9 COMs that in total cover at least 3 domains and include at least 6 COMs from the recently added “core set” for adult and pediatric populations as identified in the Stage 2 final rule.

1 PRODUCT(S) IN CART

Certifying Body	Original Practice Type	Vendor	Product	Product Version #	Product Classification	Additional Software Required	
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE Centricity Clinical Messaging, GE Centricity ePrescribing, GE Centricity Patient Portal, Qvera Interface Engine 2.0, GE Patient On Line, GE Secure Messenger for POL-CEMR	Remove

[Empty Cart](#) [Return to 'Search by Field'](#) [Return to Search Options](#)

Saving Your Product List

The screen shot below shows the CMS EHR Certification ID and the components that generated this number. If multiple components generated the ID number they would all be listed here. This number is the number that is put into each provider's registration on the CMS site. All 2014 certified products will have a certification ID number that starts with "A014"

Selected Attestation: **2014 Edition**

[Return to CHPL Home](#)

CMS EHR CERTIFICATION ID

Your CMS EHR Certification ID is: A014E01NC34GEAD

An Eligible Professional (EP) or Eligible Hospital (EH) that chooses to participate in the Centers for Medicare and Medicaid (CMS) EHR Incentive Programs must obtain a CMS EHR Certification ID. You may submit this CMS EHR Certification ID at the time of registration, but must submit it as part of the attestation process for Medicare and Medicaid (CMS) EHR Incentive Programs.

Please return to the [Medicare and Medicaid EHR Incentive Program](#) and enter this CMS EHR Certification ID when prompted for an "EHR Certification Number" on the appropriate registration or attestation screen.

Please do not refresh this page. Refreshing the page may remove EHR products from your certification cart and result in an incorrect CMS EHR Certification ID. Click on the 'Return to CHPL Home' link above to access the CHPL homepage.

YOUR CERTIFIED EHR PRODUCT(S)

The following products were used to obtain your CMS EHR Certification ID:

Certifying Body	Original Practice Type	Vendor	Product	Product Version #	Product Classification	Additional Software Required
Drummond Group Inc.	Ambulatory	GE Healthcare	Centricity EMR	9.8	Complete EHR	GE Centricity Clinical Messaging, GE Centricity e-Portal, Qvera Interface Engine 2.0, GE Patient O-POL-CEMR

See note highlighted in yellow above: Do not click the back button or refresh this page in your browser as it will not return to the search page. If you do lose the search results start over by repeating the steps above.

Step 6: Saving Your Product List

Please note when you close your browser window, the list of product(s) in your cart **will not be saved**. If you would like to email the product list to yourself, enter your email address (as shown below) and click "Email Me". Your email address will not be saved or used by the CHPL in any way other than to email the product list.

Your email address:

The email document of your EHR products that generated your Certification ID number should be saved for your records.

Summary:

To obtain a 2014 CMS EHR Certification ID, follow the steps outlined below

1. Go to the Certified Health IT Product List site: <http://oncchpl.force.com/ehrcert>
2. Select the 2014 EHR Certification Criteria Edition
3. Search for your EHR complete product(s) or EHR modules. Searches can be done by product name, CHPL product number, vendor name, product classification, or criteria met. We recommend searching by the CHPL number then select your version.
4. Add the EHR product(s) to cart to determine if selected product(s) meet 100% of the required criteria to demonstrate meaningful use
5. Get CMS EHR Certification ID – the number generated is unique to the product(s) in the cart.
6. Send the information to your email for documentation of how the CERT number was generated.
7. Update the EHR Certification ID number in the provider's registration. The steps below will assist you on how to update the registration

The screen shot below shows where the EHR Certification ID number is placed in the provider's registration. This must be done on the CMS registration site. Click [here](#) to go to the registration site if you need to update a provider's registration.

The screenshot shows a registration form with the following elements:

- Introductory text: "The EHR incentive programs require the use of EHR technology certified for this program. Please visit the CMS Website, for additional information on [certified EHR technology](#) for this program."
- Note: "Note: A certified EHR is not required to complete the registration process, but an EHR Certification Number will be required when you attest for payment." (highlighted in a red box)
- Question: "* Do you have a certified EHR? [What is an EHR Certification Number?](#)"
- Radio buttons: "Yes" (selected) and "No"
- Field: "EHR Certification Number (Optional):" with a text input field containing "00000000000000" (highlighted in a red box)
- Instructions: "Please select the **Previous** button to go back a page. Please note that any changes that you have made on this page will not be saved. Please select the **Save & Continue** button to save your entry and proceed."

Annotations include red arrows pointing from the note box to the question, from the input field to the explanatory text box, and from the "Previous" button to the instructions.

Please note: the use of "(Optional)" is misleading. You can register without putting the EHR certification number here but if you do not put the number in at the time of your registration you will need to return to the registration and put the number in before you apply/attest for the incentive payment. See the note above in the red box. Generating the certification number and putting it in at the time of registration will save time.

If you have difficulties please notify us at: EhrHelpdesk.DHHS@maine.gov
Further instructions on updating information in the CMS registration can be found below.

How to Make Changes or Updates to Provider Information on the CMS Registration Site

When modifying/updating a registration please follow the following steps:

1. Sign into the registration on the CMS registration site:

<http://www.cms.gov/Regulations-and-Guidance/Legislation/EHRIncentivePrograms/RegistrationandAttestation.html>

If you do not have a user ID and password or have forgotten your user ID and password:
Contact the CMS External User Services (EUS) Help Desk at (866) 484-8049 (TTY (866) 523-4759),
Monday–Friday, 7 a.m. – 7 p.m. Eastern Time.

Note: EUS cannot reset passwords via e-mail. The provider must call the Help Desk directly

2. Click the Registration tab (this is where you will make any updates/modifications to your registration)

The screenshot shows the CMS Registration and Attestation System interface. At the top, there is a header with the EHR Incentive Program logo and the text "Medicare & Medicaid EHR Incentive Program Registration and Attestation System". On the right, there are links for "Log Out" and "Help", and a user greeting "Welcome Your Name" with a "My Account" link. Below the header is a navigation menu with tabs for "Home", "Registration", "Attestation", and "Status". The "Registration" tab is highlighted, and a red arrow points to it. The main content area displays a welcome message and instructions for Medicare and Medicaid participants. Under the "Instructions" section, there are three expandable sections: "Registration", "Attestation", and "Status". The "Registration" section lists several actions: Register in the Incentive Payment Program, Continue Incomplete Registration, Modify Existing Registration, Resubmit a Registration that was previously deemed ineligible, Reactivate a Registration, Switch Incentive Programs (Medicare/Medicaid), Switch Medicaid State, and Cancel participation in the Incentive Program. The "Attestation" section lists: Attest for the Incentive Program, Continue Incomplete Attestation, Modify Existing Attestation, Discontinue Attestation, Resubmit Failed or Rejected Attestation, and Reactivate Canceled Attestation. A note states: "Note: Attestation for the Medicaid incentive program occurs at the State Medicaid Agency." The "Status" section lists: View current status of your Registration, Attestation, and Payment(s) for the Incentive Program. At the bottom right, there is a photo of three healthcare professionals. The footer contains links for "Web Policies & Important Links", "Department of Health & Human Services", "CMS.gov", "Accessibility", and "File Formats and Plugins", along with the CMS logo.

3. Click **Register** under Action (bottom right of screen)

Medicare & Medicaid EHR Incentive Program
Registration and Attestation System

[Home](#) [Registration](#) [Attestation](#) [Status](#)

Registration

Registration Instructions

Welcome to the Registration Page.

Depending on the current status of your registration, please select one of the following actions:

- Register** Register for the EHR Incentive Programs
Continue an incomplete registration
- Modify** Modify Existing Registration
Switch incentive programs (Medicare/Medicaid)
Switch Medicaid state
- Cancel** Discontinue participation in the Medicare & Medicaid EHR Incentive Programs
- Reactivate** Reactivate a previously canceled registration
- Resubmit** Resubmit a registration that was previously deemed ineligible

Registration Selection

Identify the desired registration and select the Action you would like to perform. Please note only one Action can be performed at a time on this page.

Existing registration(s):

Name	Tax Identifier	National Provider Identifier (NPI)	Incentive Type	Registration Status	Action
Jane Doe, MD	XXX-XX-3568 (SSN)	000000000000	Medicare	Active	Register

[Web Policies & Important Links](#) [Department of Health & Human Services](#)
[CMS.gov](#) [Accessibility](#) [File Formats and Plugins](#)

CMS
CENTERS FOR MEDICARE & MEDICAID SERVICES

4. Verify that all information is correct in the provider's registration.

5. If you have not previously put in your EHR Certification Number you should do that now. The registration states this is optional (it is optional for the registration) but it is mandatory for the application with the State of Maine.

The screenshot displays the 'EHR Incentive Program' registration interface. At the top, there is a navigation bar with 'Home', 'Registration', 'Attestation', and 'Status' tabs. The 'Registration' tab is active, and the progress indicator shows 'Progress: 1 of 1' and 'Completed'. The main content area is titled 'Incentive Program Questionnaire' and includes a note about required fields. Below this, there are instructions and a note about Medicare and Medicaid eligibility. A section titled '* Please select your Incentive Program' has radio buttons for 'Medicare' (selected) and 'Medicaid'. Another section titled '* Please select your Eligible Professional Type:' has a dropdown menu set to 'Doctor of Medicine or Osteopathy'. There is a note about EHR technology requirements and another note about EHR certification. A section titled '* Do you have a certified EHR?' has radio buttons for 'Yes' (selected) and 'No'. Below this, there is a text input field for 'EHR Certification Number (Optional):' containing '0000000000000000'. At the bottom, there are 'Previous' and 'Save & Continue' buttons. The 'Save & Continue' button is highlighted with a red arrow. The footer contains links for 'Web Policies & Important Links', 'Department of Health & Human Services', 'CMS.gov', 'Accessibility', and 'File Formats and Plugins', along with the CMS logo.

6. After you enter the EHR Certification ID number, click **Save & Continue**. If the insertion of your EHR certification number is the only update you needed to do you **MUST** click “**Save & Continue**” on each screen until you arrive at a screen that states you have successfully submitted your registration. If you do not submit all the way through the registration will be put into an “in process” state. You will need to return to registration and unlock the registration before anything can be done with your application.
- If you have more areas to update click **Save & continue** to move to the next screen.
 - You can update the **contact email (see note below), address (the address should be the EP practice location), telephone for the contact person, and payee information.**
 - Please click **Save & Continue** until you are notified that your registration was successful.
 - Please keep the email contact current.** We have had many instances that the email contact was not accurate and we have no way to contact the provider. The email contact must be for the person responsible for the submission of the application, meaningful use data and the attestation form. This is not usually the EP but a person working on behalf of the EP.
