## MaineCare Payment Facts

MaineCare residents are included in the rate setting case mix index calculation. MaineCare is identified by checking MDS-RCA Item A8a, MaineCare/State Assistance. When completing the MDS-RCA, check with your billing office to verify sources of payment. *Source of payment is coded as of the date of the assessment (MDS-RCA item A5).*

Payment rosters will be generated twice per year using the most recent assessment on residents in your facility, on March 15 and September 15. Prior to rate setting, you will receive these rosters for your review and correction. *Please review carefully and correct this information.*
