

New Home and Community Standards for Maine

Federal Center for Medicare and Medicaid (“CMS”) Created New Standards

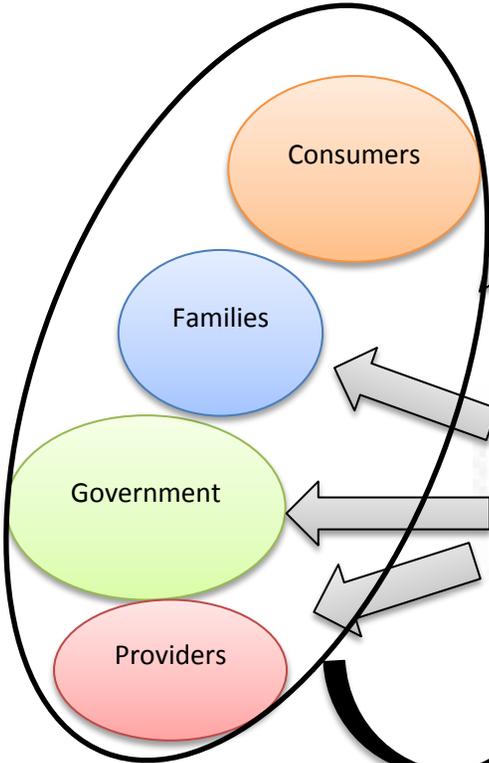

- What MaineCare Programs are affected?
- Section 18: Adults with Brain Injury
 - Section 19: Elders and Adults with Disabilities
 - Section 20: Adults with Other Related Conditions
 - Section 21 & 29: Adults with Intellectual Disabilities and Autism

<u>Values</u>	<u>Direction</u>
• Privacy	• Choice
• Flexibility	• Control of independence
• Person Centered Planning and Support	• Eliminate isolation

How can we measure success in following these standards?

Maine has to make sure we are following these standards, which may mean changes to our services. These changes would affect many people.

Write Final Transition Plan **Together**

Make needed changes and check to make sure we are “walking the talk”.

Maine develops survey and surveys every location that provides services.

Maine collects and analyzes data from surveys.
