## **I. INTRODUCTION: Maine Safe and Drug-Free Schools and Communities Act Program, Technical Report on Incidence of Prohibited Behavior in Drug and Violence Prevention, 2000-2001**

The Maine Safe and Drug-Free Schools Data Collection Project is a partnership between the Maine Department of Behavioral and Developmental Services, Office of Substance Abuse (OSA), the Maine Department of Education (DOE), and RTI International.

Funded by the U.S. Department of Education's Safe and Drug-Free Schools and Communities Act (SDFSCA) Program, the project has worked to enhance the state's capacity to gather data on Alcohol, Tobacco, and Other Drug (ATOD) and violence prevention programs, as well as on prohibited behavior among youth in Maine's local school systems. The project supports SDFSCA reporting requirements for measuring progress toward achieving the goal of creating safe and drug-free learning environments in schools, as well as reports to ED's office of Special Education and Rehabilitative Services on children with disabilities involved in incidents of prohibited behavior, in accordance with the Individuals with Disabilities Education Act, 1997.

Each Local Education Agency (LEA) was asked to participate in this data collection and record for the 2000-2001 school year, information on their prevention activities -- including related staff development and training -- and incidents that occurred during the school year.

The Report on Drug and Violence Prevention presents the data collected by RTI from LEAs and schools at the close of the 2000-2001 school year. It reports on local ATOD and violence prevention efforts, as well as recorded incidents of prohibited behavior. This Technical Report provides the data tables used in the main report, as well as additional data analysis. The results presented in the Report on Drug and Violence Prevention and accompanying Technical Report can be used by Maine LEAs and schools to gain a better understanding of their progress, as well as advise the development of programs and efforts for safe and drug-free schools and communities.

## II. DEMOGRAPHICS

**Table 1. Total LEAs and number reporting**

	# of LEAs	# of Schools
Total number of LEAs/schools	285	718
LEAs/schools required to report <sup>1</sup>	256	677
LEAs/schools reporting	249	644

Ninety seven percent of LEAs in Maine that were required to submit a report, participated in the 2000-2001 SDFSCA data collection project. At the time of this report, seven LEAs and 33 schools had not submitted their data, and therefore are excluded from the report.

**Table 2. Total schools and number reporting**

School Level	Schools Required to Report	Number and Percentage of Schools Reporting	
		Number	Percentage
Elementary	448	421	94%
Middle/Jr. High School	98	97	99%
Sr. High School	131	126	96%
<b>Total Schools</b>	<b>677</b>	<b>644</b>	<b>95%</b>

---

<sup>1</sup> Excludes LEAs not required to report such as unorganized education territories, Maine Indian Education.

**Table 3. Breakdown of schools reporting**

School Type	Grade Span	# of School	# of Schools Reporting
Elementary	K-6, K-8, Grades $\leq$ 6	448	421
Middle/Jr. High Schools	4-5, 4-6, 4-8	98	97
Sr. High Schools	9-12	100	97
Junior-Senior High Schools	7-12	18	17
Combined Elementary & Secondary Schools	K-12	11	10
Special Schools	4-12	2	2
<b>Total Schools</b>	<b>K-12</b>	<b>677</b>	<b>644</b>

Elementary school definition: A school composed of any span of grades in K-6 or any combination of grades in K-8 or any combination of grades less than or equal to grade 6 is considered an Elementary school in Maine.

Middle/Jr. high school definition: A middle school is a separately organized and administered intermediate school between elementary and senior high school. It is usually composed of any combination of grades in between 4 and 8 in Maine.

Senior high school definition: A senior high school is a school offering the final years of school work necessary for graduation. It usually includes schools of any span of grades in 9-12, or any combination of middle and secondary grades in 7-12, or any combination of elementary and secondary grades (e.g. K-12 buildings) in Maine.

- ? In *most* instances, schools are grouped by school level (elementary, middle, high) according to the highest grade level; for instances, combined elementary and secondary schools with grades k-12 are counted as high schools.
- ? High schools include five private schools providing Safe and Drug-Free Schools-related services to public school students.
- ? Junior-senior high schools are counted as senior high schools in this report
- ? Special schools, including Sadie F. Adams School and RETC/SOS are counted as high schools in this report

Excluding other educational institutions in Maine, such as the technology centers and Maine Indian Education schools and other private schools that are not required to report, the total number of schools counted is 677 for the purposes of this report.

**Table 4. Enrollment of schools by school level**

School Level	# of Students	% of Students
Elementary	104,114	50%
Middle/Jr. High	38,849	18%
Sr. High School	66,210	32%
<b>Total</b>	<b>209,173</b>	<b>100%</b>

Source for Maine Report on Drug and Violence Prevention 2000-2001, Local Education Agencies and Schools Participating in the Maine SDFSCA Data Collection Project.

**Table 5. Number and percentage of schools reporting by size**

School Size	# of Schools	% of Schools <sup>2</sup>
1 - 100 students	108	16%
101 - 500 students	463	68%
501 - 1000 students	94	14%
1001 - 1500 students	12	2%

Source for Maine Report on Drug and Violence Prevention 2000-2001, Local Education Agencies and Schools Participating in the Maine SDFSCA Data Collection Project.

School size is determined by student enrollments, placing schools in four categories ranging from 1 to 100 students, to 1001 to 1500 students.

---

<sup>2</sup> May not equal 100% due to rounding.

### III. SDFSCA PREVENTION PROGRAMS, SERVICES & ACTIVITIES

#### Drug and Violence Prevention Efforts

LEAs offering prevention programs, services, and activities .....247 .....96%

Schools offering prevention programs, services, and activities .....633 .....95%

Schools offering no prevention programming ..... 11 ..... 2%

**Table 6: Source of funding for prevention-related activities**

In addition to receiving Safe and Drug-Free Schools and Communities Act funding from the federal government, LEAs and schools also received funding from the following sources for their prevention efforts.

Funding Source	Elementary	Middle/Jr. School	Sr. High School	Total Schools
Other federal funding	64	17	32	113
State funding	110	23	41	174
Local school funding	306	75	88	469
Grants	107	27	48	182
Local civic organizations	104	24	28	156
Other: in-kind contributions	4	2	2	8
Other: fundraising	2	–	–	2
Other: DARE program	6	2	1	9
Other: local business	3	1	4	8
PTA/PTO	12	5	–	17

Source for Maine Report on Drug and Violence Prevention 2000-2001, Alcohol, Tobacco & Other Drug (ATOD) and Violence Prevention Efforts.

**Table 7. Types of programs, services and activities (PSAs) by category and percentage of schools providing them**

In addition to student-targeted PSAs, this count (N=7,845) includes staff training, advisory council activities, security equipment and personnel, and other prevention-related activities.

Category	# schools providing	% schools providing
Drug prevention instruction	591	93%
Violence prevention instruction	553	87%
Curriculum & classroom instruction	456	72%
Counseling and referral services	445	70%
Teacher/staff training	442	70%
Conflict resolution/anger management	385	61%
Health & safety education/services	377	60%
Advisory council activities	354	56%
Special, one-time events	312	49%
Emergency/crisis planning	310	49%
Assemblies/guest speakers	308	49%
Coordination with community groups	306	48%
Analysis/evaluation activities	296	47%
Before/after school activities	267	42%
Student awareness activities	264	42%
Parent activities & training	241	38%
Extra-curricular clubs & activities	236	37%
Civil rights/diversity activities	235	37%
Special, on-going programs	204	32%
Peer assistance/mediation	197	31%
Community service projects	194	31%
Support groups	151	24%
Advisor-advisee/mentoring	149	24%
Security personnel/SRO	137	22%
Alternative education programs	125	20%
Security equipment	82	13%
Services for out-of-school youth	56	9%
Other: unclassified	9	1%

Source for Maine Report on Drug and Violence Prevention 2000-2001, ATOD and Violence Prevention Programs, Services, & Activities (PSAs) offered in Grades K-12.

**Table 8. Number of drug and violence prevention programs**

The following prevention related programs reflect primarily student-targeted efforts, with an emphasis on alcohol, tobacco and other drug and violence prevention (N=3,827).

<b>Total prevention program offerings during 1999-2000</b>	<b>3,827</b>
<b>Primary emphasis on drug prevention</b>	<b>676</b>
Elementary	402
Middle/Jr. High School	115
Sr. High School	159
<b>Primary emphasis on violence prevention</b>	<b>847</b>
Elementary	574
Middle/Jr. High School	136
Sr. High School	137
<b>Emphasis on both drug and violence prevention</b>	<b>2,304</b>
Elementary	1,305
Middle/Jr. High School	437
Sr. High School	562

Source for Maine Report on Drug and Violence Prevention 2000-2001, ATOD and Violence Prevention Programs, Services, & Activities (PSAs) offered in Grades K-12.

**Table 9. Number of prevention program offerings per grade level**

The number of programs, services, and activities in the following table reflects the number of offerings for each grade. A program may have been offered once at a school, to three different grade levels, and hence, would be counted below as one program in each grade level.

Grade Level	Number of PSAs and Emphasis			
	ATOD	Violence	Both	Totals
<b>K</b>	174	343	721	<b>1,238</b>
<b>1</b>	193	369	784	<b>1,346</b>
<b>2</b>	202	372	808	<b>1,382</b>
<b>3</b>	211	378	829	<b>1,418</b>

## IV. INCIDENCE OF PROHIBITED BEHAVIOR

### Incidence of Prohibited Behavior

An “Incidence of Prohibited Behavior” is defined as a violation of a statute or regulation that occurs on school grounds, school property, or at a school-sponsored event, and is reported to a school official or law enforcement agency.

**Table 18. Alcohol, Tobacco and Other Drugs (ATOD) Policy Violations**

School Type	ATOD Policy Violations	# Students Involved
Elementary	95	115
Middle/Jr. High School	403	416
Sr. High School	2,241	1,808
<b>All Schools</b>	<b>2,739</b>	<b>2,339</b>

School Size	ATOD Policy Violations	# Students Involved
1 - 100	33	39
101 - 500	1,088	863
501 - 1000	1,286	1,162
1001 - 1500	338	275

Source for Maine Report on Drug and Violence Prevention 2000-2001, Incidence of Prohibited Behavior.

**Table 19. Total number of incidence**

School Level	Total Incidents	Weapon-Related	ATOD Violations	Other
Elementary	11,492	84	95	11,313
Middle/Jr. High School	10,924	84	403	10,437
Sr. High School	24,807	119	2,241	22,447
<b>All Schools</b>	<b>47,223</b>	<b>287</b>	<b>2,739</b>	<b>44,197</b>

Schools were asked to report a total number of incidents, the number of incidents that were weapon-related, and the number of ATOD policy violations. “Other” refers to those incidents that are not included in the weapons or ATOD count.

Source for Maine Report on Drug and Violence Prevention 2000-2001, Incidence of Prohibited Behavior.

**Table 20. Average number of incidents per 100 students**

School Level	Avg. Per 100 Students
Elementary	11.0
