Narrative Question:

---

Each State is required to establish and maintain a State advisory council for services for individuals with a mental disorder. SAMHSA strongly encourages States to expand and use the same council to advise and consult regarding issues and services for persons with or at risk of substance abuse and substance use disorders as well. In addition to the duties specified under the MHBG, a primary duty of this newly formed behavioral health advisory council would be to advise, consult with and make recommendations to SMHAs and SSAs regarding their activities. The council must participate in the development of the Mental Health Block Grant State plan and is encouraged to participate in monitoring, reviewing and evaluating the adequacy of services for individuals with substance abuse disorders as well as individuals with mental disorders within the State.

Please complete the following forms regarding the membership of your State's advisory council. The first form is a list of the Advisory Council for your State. The second form is a description of each member of the behavioral health advisory council.
