

Maine Oyster, Inc.

Eric Horne and Valy Steverlynck

62 Pine Street

Freeport, ME 04032

Description: West of Bunganuc Rock Maquoit Bay Freeport Cumberland County

Species Cultivated: oyster eastern / american (*Crassostrea virginica*) - oyster european flat (*Ostrea edulis*)

Cultivation Technique(s): Suspended

Conditions: a) The lease site must be marked in accordance with both U.S. Coast Guard requirements and DMR Rule 2.80. b) Lobster and crab fishing, recreational fishing and navigation are allowed in open areas of the lease site, but navigation must be around the oyster gear, not through it. c) Dragging and shellfish harvesting are prohibited except with the authorization of the leaseholders. d) The leaseholders will observe the lease site and such areas outside the lease site as they select annually in June and September and report any observable eelgrass or lack of growth of eelgrass. If a resurgence of eelgrass within or outside the lease site is observed, the leaseholders must notify the DMR Aquaculture Environmental Coordinator, who will conduct a dive on the site and make a report. All reports are to be sent to: the U.S. Army Corps of Engineers at LeeAnn.Neal@usace.army.mil, NOAA Fisheries Habitat Conservation Division at mike.r.johnson@noaa.gov, and the Maine Department of Marine Resources at jon.lewis@maine.gov.
