

October 10, 2008

Dear Mr. Stockwell,

I am faxing this to your attention as a result of a meeting that was held on 10/9/2008 at the University of Machias regarding changes to 2008 – 2009 Scallop season. One of the changes we are greatly concerned about is the ring size change from 3 ½ inches to 4 inches. We are petitioning the Legislature to repeal the 4-inch ring back to 3 ½ inches. Please find the signatures collected at the meeting requesting the repeal of the ring size change.

I would appreciate a call once you have received my fax.

Yours truly,

Rock A. Alley
