Teacher Evaluation and Professional Growth Program

Proposed for School Year 2012-13

“The primary purpose of an effective teacher evaluation system is to foster improvement in teaching practice and student growth. The best system includes rubrics that clearly communicate exemplary teaching practice. Such a system supports and promotes teacher reflection, professional development and collaboration. It is equitable and able to differentiate among various teaching positions.”

- Lewiston Steering Committee

Introduction

In February 2011, the Lewiston School Committee accepted a Teacher Incentive Fund (TIF) Grant centered on improving educator effectiveness and student learning. The grant is overseen by our 25-member District Steering Committee (DSC) made up of teachers, administrators and a community member. The DSC has worked on improvements in many areas including the development of a new teacher evaluation system.

The present teacher evaluation tool used in Lewiston Public Schools was developed prior to 1995. The current model was not meeting the needs for desired professional development on instructional practice and student outcomes. In addition, our present system falls far short of meeting either Federal and State mandates or public expectations that teacher evaluation include consideration of student achievement data.

The Steering Committee has developed a new model, the Teacher Evaluation and Professional Growth (TEPG) program that address the shortfalls above. Specifically, the evaluation tool will consider student growth and teacher performance related to the Five Core Propositions of the National Board for Professional Teaching Standards (NBPTS). The National Board was founded by teachers in 1985 in response to the educational shortcomings identified in the now well-known report, A Nation at Risk, published by the U.S. Department of Education in 1984. The Board wrote the Core Propositions and 17 related standards and developed a national teacher certification process commonly referred to as National Board teacher certification.

Lewiston teachers are learning about the Core Propositions (see Figure 1, next page) and related standards through our 2011-2012 professional development focus called the Take One! process. This professional development will continue in 2012-13 through the introduction and training in the new TEPG program. The program development and refinement will take time, and will continue throughout the 5-year grant period. Teacher input and feedback will be crucial – and asked for – in order to fine-tune the tool and the overall system and assure that it is meeting its intended purposes.
The goals of the TEPG program and the process used in its design align directly with the recommendations of national education groups such as the National Comprehensive Center for Teacher Quality. The Center recommends that “To further the development of direct links between teacher evaluation and instructional improvement, states and districts need to nurture an educational climate in which evaluation is not seen as punitive and teachers are highly invested in the process. The core of evaluation reform efforts should be human capacity building at all levels so that states, districts, and schools can identify and learn from top-performing teachers, support discouraged and less successful teachers, and continue to develop all teachers toward their full potential.”

Figure 1

NBPTS Core Propositions
Program Purpose

The overarching purpose of the TEPG program is to improve instruction and student learning growth by:

- Serving as a measurement of performance of individual teachers;
- Clarifying expectations and serving as a guide for teachers as they reflect upon and improve their effectiveness;
- Facilitating collaboration by providing a common language to discuss performance;
- Serving as a basis for identifying areas where professional development can improve instructional effectiveness;
- Focusing the goals and objectives of schools and districts as they support, monitor, and evaluate their teachers; and
- Serving as a tool in developing coaching and mentoring programs for teachers.

The program includes the following key features:

- Allows administrators to provide on-going, concrete feedback to teachers about their performance against a clear, detailed NBPTS-anchored performance rubric through classroom observations and review of student data and teacher performance;
- Utilizes a performance rubric that includes multiple rating options and level-cutting language that enables administrators to clearly identify and describe differences in instructional performance;
- Incorporates student growth as measured by objective assessments as a significant factor in evaluations, with a plan to be able to collect such data for the vast majority of classroom teachers within the next 3 years;
- Provides support for teachers who fall below performance standards;
- Includes a pilot peer review process that will be continually refined over the course of the grant to ensure optimal benefit to teachers as a formative assessment tool;
- Incorporates a process of on-going self-reflection, goal setting and evaluation to drive continuous performance improvement and professional growth; and
- Provides regular training to teachers and administrators in the TEPG process, opportunities and proper use of the observation tool.
The foundation for the TEPG program are the following National Board’s Five Core Propositions and 17 standards that specify the knowledge, skills, abilities, and commitments required for accomplished teaching. (Our TEPG program also includes performance on two goals, one for student growth and one for professional growth, both discussed in the next section.)

- **Core Proposition #1: Teachers are committed to students and their learning.**
  
  1.1 Teacher recognizes individual differences in their students and adjusts their practice accordingly.

  1.2 Teacher has an understanding of how students develop and learn and know the backgrounds, abilities, and interests of students.

  1.3 Teacher treats students equitably and fosters a stimulating and collaborative environment where all students are encouraged to participate.

  1.4 Teacher’s mission extends beyond the cognitive capacity of their students.

- **Core Proposition #2: Teachers know the subjects they teach and how to teach those subjects to students.**

  2.1 Teacher appreciates how knowledge in their subject is created, organized, and linked to other disciplines.

  2.2 Teacher commands specialized knowledge of how to convey a subject to students.

  2.3 Teacher generates multiple paths to knowledge.

- **Core Proposition #3: Teachers are responsible for managing and monitoring student learning.**

  3.1 Teacher calls on multiple methods to meet their goals.

  3.2 Teacher orchestrates learning in group settings.

  3.3 Teacher places a premium on student engagement.

  3.4 Teacher regularly assesses student progress.
Core Proposition #4: Teachers think systematically about their practice and learn from experience.

4.1 Teacher is continually making difficult choices that test their judgment.

4.2 Teacher seeks the advice of others and draws upon education research and scholarship to improve their practice.

Core Proposition #5: Teachers are members of learning communities.

5.1 Teacher contributes to school effectiveness by collaborating with other professionals.

5.2 Teacher works collaboratively with parents.

5.3 Teacher takes advantage of community resources.

5.4 Teacher considers their professional ethics in all interactions.

The 2011-2012 professional development focus on the National Board’s Take One! is at the heart of accomplished teaching, e.g., evidence-based teaching. Quoting the National Board, evidence-based teaching is “a way of structuring classroom planning and instruction that allows teachers to continuously collect, interpret and use evidence of student learning to make appropriate decisions that guide future instruction. Evidence-based teaching is the process of continually using data (e.g., observations, student work, assessments, responses to questions) to ensure teaching is tightly aligned to individual student needs and to ensure high levels of learning…” As illustrated in Figure 2 below, for student learning to occur, there must be a strong connection between what teachers know and are able to do to facilitate student learning, and what students do that optimize their learning.

Venn Diagram: Evidence-based Teaching

Draft as of May 31, 2012
Teacher Evaluation and Professional Growth

Key Components

Before participating in the evaluation process, all teachers and administrators will be trained on the TEPG program. TEPG training for teachers will include work on the National Board’s Core Propositions and standards, the evaluation process, support for teachers on growth plans, student growth measures to be used, goal setting, deadlines and accountabilities. Administrators will be trained on skill development in the effective use of the evaluation instrument to ensure inter-rater reliability. Our goal is to involve all teachers in all components during the 2012-13 school year while realizing that additional administrator support may be necessary for this to be accomplished.

The seven key components and annual timeline of the TEPG program are illustrated in Figure 3 and described beginning on the next page:
**Component 1: Orientation**

At the beginning of each school year, the administrator will provide the teacher with this TEPG handbook, which will include the:

- TEPG Rubric including student growth measures to be used, if applicable;
- TEPG goal setting form and completed example;
- Lesson Description template for use with planned observation;
- Evidence Portfolio template; and
- A schedule for completing all components of the performance evaluation process.

Copies may be provided by electronic means.

The administrator will briefly review the overall intent of the TEPG program as well as the National Board Standards. For new teachers, a more in-depth presentation of the TEPG program will be part of the induction and mentoring program.

**Component 2: Teacher Self-Assessment and Goal Setting**

Using the TEPG rubric the teacher shall review each of the 17 performance standards, student growth measurements, if applicable, and reflect on prior year strengths and improvement opportunity. Using the TEPG goal setting form, the teacher shall identify at least one (1) student learning goal *and* one (1) professional growth goal, both of which should align with school priorities. Each section of the goal setting form must be completed.

**Component 3: Fall Conference**

The teacher meets with the administrator to review and confirm student learning and professional growth goals established in Component 2. This meeting will include discussion of the self-assessment and schedule for planned and unplanned observations during the school year. Once goals have been finalized, teachers shall begin gathering evidence of effective instructional practice and goal achievement to be included in an evidence portfolio to be presented to the administrator at the Summary Evaluation Conference (Component 7).

Prior to planned observations, the teacher shall provide the administrator with a written description of the lesson(s) that includes the student learning goals, activities and any assessment process or product that will be used to indicate if students are moving toward the goals.
Component 4: Administrator Observations and Post Observation Conference(s)

A planned observation shall last at least 30 minutes. The administrator shall conduct at least 3 formal observations of all probationary teachers each year. Continuing Contract Teachers (CCT) will receive at least one planned observation during their scheduled evaluation year (see p. x). During all planned observations, the administrator shall note the teacher’s performance in relationship to the applicable National Board Standards on the TEPG.

The administrator shall conduct a post-observation conference no later than 10 school days after each formal planned observation. During the post-observation conference, the administrator and teacher shall discuss and document on the TEPG evaluation form, goal status, performance strengths, and improvement opportunities observed during the lesson.

An unplanned observation can be a 5-10 minute short visit or walkthrough, or last up to an entire class period. Multiple unplanned observations will be conducted on ALL teachers. An administrator may use information gathered from unplanned observations in completing the TEPG evaluation form and is also expected to follow-up with the teacher on any significant issue identified or appropriate constructive feedback.

Component 5: Peer Review

Each teacher will receive a peer review annually and will be provided the opportunity to suggest three other teachers to complete the observation. The observation and pre and post conferences are expected to focus on a minimum of three standards selected by the administrator and three standards selected by the teacher being observed. Each standard should be taken from Core Propositions #1, #2 or #3 as they are directly observable. The form included on page 27 of this handbook is to be used for this process and is to be the only document to be included in a teacher’s personnel file. All discussion between the teacher being observed and the observer are to be considered confidential and for use by the teacher to enhance teaching practices.

Component 6: Teacher Self-Assessment

At least two weeks prior to the scheduled Summary Evaluation Conference (Component 7) the teacher shall present a completed self-assessment (using the TEPG Rubric) and evidence portfolio to the administrator.

Component 7: Summary Evaluation Conference

Prior to the scheduled conference, the administrator shall complete a draft TEPG Summary Rating Form based on evidence gathered from multiple sources, including e.g., the teacher’s self-assessment and evidence
portfolio. The administrator will also develop draft recommendations for professional development. This draft Summary Evaluation Form will be provided to the teacher in advance of the scheduled conference.

During the Summary Evaluation Conference the administrator and teacher shall discuss the teacher’s self-assessment, the teacher’s current year student learning and professional growth goals, classroom observations, artifacts and other items included in the teacher’s evidence portfolio. At the conclusion of the Summary Evaluation Conference, the administrator shall: give a rating for each Standard and goal* in the TEPG Rubric; provide the teacher with the opportunity to add comments to the Summary Evaluation Form, and review the completed form with the teacher. The administrator and teacher will sign the final Summary Evaluation Form before it is placed in the teacher’s personnel file.

*In some cases, the Summary Evaluation Conference will occur before the student assessment results and applicable goal rating are available. Final results will be added summary rating form and shared with the teacher before the end of the school year.
Use of TEPG Summary Rating

The summary rating for each teacher will be based on a maximum of 100 points broken down as follows:

<table>
<thead>
<tr>
<th>Maximum Points</th>
<th>Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>68</td>
<td>17 National Board Standards valued up to 4 points each as detailed below</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Level</th>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>Distinguished</td>
<td>Clear, consistent, and convincing evidence of accomplished instructional practice</td>
</tr>
<tr>
<td>3</td>
<td>Effective</td>
<td>Clear evidence of accomplished instructional practice</td>
</tr>
<tr>
<td>2</td>
<td>Developing</td>
<td>Limited evidence of accomplished instructional practice</td>
</tr>
<tr>
<td>1</td>
<td>Ineffective</td>
<td>Limited or no evidence of accomplished instructional practice</td>
</tr>
</tbody>
</table>

10 Student Growth Measurements Identified in Teacher Scorecard

14 Student Growth Goal

8 Professional Growth Goal

0 7C Student Survey
(The 7C Survey will not receive any weight in a teacher’s TEPG summary rating during the 2012-2013 school year. The Survey is expected to be given some weight in future years.)

Note: The measurements used in the teacher scorecard will be identified by the District Steering Committee prior to the beginning of the applicable school year and will likely reflect differences among teachers who directly impact, partially impact or do not impact the growth of individual students in measurable areas. The Committee may also determine that a particular standard or goal is not applicable to a certain position. In such case, the points shall be scaled upward so that the relative relationship among the remaining elements is unchanged.

Each teacher will be classified as Distinguished, Effective, Developing or Ineffective based on their summary performance rating (i.e., number of points received) as shown below.

<table>
<thead>
<tr>
<th>Summary Performance Rating</th>
<th>Classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>80+</td>
<td>Distinguished</td>
</tr>
<tr>
<td>70-79</td>
<td>Effective</td>
</tr>
<tr>
<td>60-69</td>
<td>Developing</td>
</tr>
<tr>
<td>Below 60</td>
<td>Ineffective</td>
</tr>
</tbody>
</table>
Professional growth plans will be tailored to teachers based on their overall summary performance rating. Teacher performance may be a consideration in providing additional leadership roles. Teachers performing at a Distinguished or Effective level of performance will be placed in a 3-year Individualized Growth Plan. Teachers performing at a Developing level will be placed in a 1-year Monitored Growth Plan, while teachers rated as Ineffective will be placed in a 1-year Improvement Plan. Descriptions of each of these professional growth plan follow.

Figure 3
Tailored Professional Growth Plan
Individualized Growth Plan

Continuing contract teachers with a summary performance classification of “Effective” or “Distinguished” shall be exempt from Components #4 and #7 and, will develop a 3-year growth plan that includes all items in Component #2, plus a longer term individual professional development goal. They will be placed on a three year cycle for summary review. [Note: The review of goals shall be based upon the average over the 3-year cycle.] Teachers in this category will continue to participate in the other components. If an administrator has evidence that a teacher is no longer performing at this level, they may be placed into an annual evaluation cycle.

Monitored Growth Plan

A continuing contract teacher with a summary performance classification of “Developing” shall be placed on a Monitored Growth Plan.

A Monitored Growth Plan shall, at a minimum, identify the Standards to be improved, the goals to be accomplished, the activities the teacher should undertake, timeline to achieve a performance classification of “Effective” and another teacher assigned to assist the teacher.

A teacher on a Monitored Growth Plan who subsequently receives a summary performance classification of “Effective” or “Distinguished” shall have successfully completed the Plan. A teacher who subsequently receives a summary performance classification of “Developing” or “Ineffective” shall be placed on a Directed Improvement Plan.

Directed Improvement Plan

A continuing contract teacher with a summary performance classification of “Ineffective” or “Developing” for 2 sequential years shall be placed on a Directed Growth Plan.

The Directed Improvement Plan shall, at a minimum, identify the Standards to be improved, the goals to be accomplished, the activities the teacher shall undertake, timeline to achieve a performance classification of “Effective” and another teacher assigned to assist the teacher.

Any teacher on a Directed Improvement Plan will be observed by a second administrator, who will participate in the determination of the summary performance classification. A teacher who subsequently receives a summary performance classification of “Effective” or “Distinguished” shall have successfully completed the Plan. A teacher who subsequently receives a summary performance classification of “Developing” or “Ineffective” will, with the approval of the superintendent, be presented to the School Committee for a dismissal hearing.

Probationary Teachers

All probationary teachers shall be placed on a monitored growth for each year of the probationary period. An administrator must generally rate a final year probationary teacher with a summary performance classification of “Effective” or “Distinguished” on the most recent Teacher Summary Rating Form before recommending that teacher for continuing contract status.
Teacher Evaluation and Professional Growth Rubric

- NBPTS Core Proposition #1 - Teachers are committed to students and their learning.

**Standard 1.1 - Teacher recognizes individual differences in their students and adjusts practice accordingly.**

<table>
<thead>
<tr>
<th>Ineffective Little or no evidence</th>
<th>Developing Limited evidence</th>
<th>Effective Clear evidence</th>
<th>Distinguished Clear, consistent and convincing evidence</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unaware or unable to identify individual student learning needs within his/her classroom. Instructional practice is uniform without adaptation for individual student needs or learning styles.</td>
<td>Limited level of awareness of individual student needs and learning styles. Occasionally adapts instructional practice to meet these individual student needs and learning styles.</td>
<td>Moderate level of awareness of individual student needs and learning styles. Frequently adapts instructional practice to meet these individual student needs and learning styles.</td>
<td>High level of awareness of individual student needs and learning styles. Consistently adapts Instructional practice to meet these individual student needs and learning styles.</td>
</tr>
</tbody>
</table>

**Possible evidence**
- Uses information on students to inform lesson objectives, plans and instructional strategies
- Includes differentiated goals/activities to address lesson plans and provide for student success
- Uses multiple modes of teaching toward mastery
- Other

**Standard 1.2 - Teacher has an understanding of how students develop and learn and know the backgrounds, abilities, and interests of students.**

<table>
<thead>
<tr>
<th>Ineffective Little or no evidence</th>
<th>Developing Limited evidence</th>
<th>Effective Clear evidence</th>
<th>Distinguished Clear, consistent and convincing evidence</th>

<tbody>
<tr>
<td>Establishes an inconsistent classroom environment where few students participate and work, collaboratively, toward a safe and effective learning environment.</td>
<td>Establishes an inconsistent classroom environment where some students participate and work, collaboratively, toward a safe and effective learning environment.</td>
<td>Establishes a classroom community that is supportive. Most students take intellectual risks, participate and work collaboratively toward a safe and effective learning environment.</td>
<td>Establishes a classroom community that is equitable, accessible, and fair. Virtually all students take intellectual risks, participate and work, collaboratively, toward a safe and effective learning environment.</td>
</tr>
</tbody>
</table>

**Possible evidence**
- Environment encourages students to express their answers and ideas
- Models strategies to diffuse stress and build rapport with students
- Feedback is timely, specific and provided in various ways, such as written comments, conferences, non-verbal gestures
- Makes use of peer mentoring/evaluation techniques as a means of providing feedback to students learning
- Groups students in a variety of ways to promote collaboration and effective learning
- Other

**Standard 1.4 - Teacher’s mission extends beyond the cognitive capacity of students.**
**Possible evidence**

- Communicates belief in students’ abilities to accomplish challenging learning goals
- Encourages students to persevere in challenging situations
- Uses positive tone when speaking with students
- Connects learning to needs and events present in the school, local community and the world
- Models behaviors that encourage students to treat others with respect
- Employs positive behavioral interventions and supports to encourage personal responsibility
- Other

**NBPTS Core Proposition #2 - Teachers know the subjects they teach and how to teach those subjects to students.**

**Standard 2.1 - Teacher appreciates how knowledge in the subject is created, organized, and linked to other disciplines.**

- Presents factual information only. Rarely or never exposes students to critical thinking and higher order thinking skills.
- Hints at, but does not explore organizing concepts and factual information. Provides limited exposure to critical thinking and higher order thinking skills. Presents some perspectives.
- Addresses some, but not all organizing concepts as well as factual information. Frequently develops critical thinking and higher order thinking skills. Presents and critiques multiple perspectives.
- Consistently addresses central organizing concepts as well as factual information, developing critical thinking and higher order thinking skills. Critiques and fosters multiple perspectives, questioning prevailing beliefs and assumptions to help themselves. Makes connections to other disciplines.

**Possible evidence**

- Structures content around essential questions
- Employs higher order questioning strategies (Bloom’s Taxonomy)
- Plans and integrates instruction and activities to highlight cross curricular connections
- Stays current in their content specialty (ies)
- Integrates literacy and language strategies in all content areas
- Other

**Standard 2.2 - Teacher commands specialized knowledge of how to convey a subject to students.**

<table>
<thead>
<tr>
<th>Ineffective</th>

- Chooses instructional techniques based solely on ease and availability.
- Generally teaches compatible with approved curriculum, chooses appropriate instructional techniques for most students. Has some knowledge of curricular resources, new materials, methods, technological developments.
- Teaches consistent with approved curriculum, displays adequate pedagogical content knowledge by using information about students to choose appropriate instructional techniques. Frequently anticipates common misconceptions. Has knowledge of curricular resources, new materials, methods, technological developments and incorporates these into daily practice.
- Teaches faithful with approved curriculum, displays strong pedagogical content knowledge by using information about students to choose the most appropriate instructional techniques. Consistently anticipates and addresses common misconceptions. Regularly expands knowledge of curricular resources, new materials, methods, technological developments and incorporates these into daily practice.

**Sample evidence**

- Demonstrates short and long-term planning aligned with approved curriculum and/or standards
- Identifies appropriate learning goals and clearly communicates goals to students
- Uses strategies to check for understandings and address misconceptions
- Uses instructional strategies such as probing, redirection, and reinforcement to improve the quality of student responses
- Using a broad range of current tools and resources to support the learning goals
- Creates authentic tasks, problems and/or simulations
- Other

**Standard 2.3 - Teacher generates multiple paths to knowledge.**
<table>
<thead>
<tr>
<th>Ineffective</th>
<th>Developing</th>

Teacher demonstrates a particular method or strategy to be used by students to approach a set of problems or body of work.

Teacher provides more than one method or strategy to be used by students to approach a set of problems or body of work.

Teacher frequently provides multiple methods or strategies for students to approach issues from different angles, considering multiple criteria and multiple solutions.

Teacher consistently provides multiple methods or strategies for students to approach issues from different angles, considering multiple criteria and multiple solutions. Teacher challenges students to apply knowledge and pose new problems and solutions.

Possible evidence
- Provides different options for student activities to address multiple intelligences
- Multiple solutions/strategies offered to, and accepted from students
- Offers options within curriculum for student choice
- Plans learning activities that build on student strengths, talents and learning preferences (i.e., music, art, movement, etc.)
- Integrates relevant modern technology to engage students and enhance learning
- Other

**NBPTS Core Proposition #3 - Teachers are responsible for managing and monitoring student learning.**

**Standard 3.1 - Teacher calls on multiple methods to meet goals.**

<table>
<thead>
<tr>
<th>Ineffective</th>
<th>Developing</th>
<th>Effective</th>

</thead>
<tbody>
<tr>
<td>Uses limited instructional skills, learning environment remains the same regardless of the learning objectives.</td>
<td>Uses limited instructional skills, implementing them appropriately. Learning environment supports the learning objectives.</td>
<td>Uses a range of instructional skills knowing when to implement, structuring the learning environment to meet the learning objectives.</td>
<td>Uses a wide range of clear, consistent, and compelling instructional skills which successfully engage students in active learning. Knowing when to implement, structuring the learning environment to maximize the learning objectives.</td>
</tr>
</tbody>
</table>

Possible evidence
- Goals are posted and drive instruction
- Students demonstrate that they understand the goals.
- Uses efficient methods for transitions and materials distribution.
- Physical arrangement fosters student learning and allows the teacher to monitor students
- Effectively engages and mobilizes other appropriate adults as teaching assistants.
- Maximizes instructional time
- Provides the time and process for students to reflect on the learning that has occurred
- Other

**Standard 3.2 - Teacher orchestrates learning in group settings.**

<table>
<thead>
<tr>
<th>Ineffective</th>
<th>Developing</th>
<th>Effective</th>

<tbody>
<tr>
<td>Sets low or inappropriate expectations for interactions with peers and teacher. Has not developed classroom management systems.</td>
<td>Sets appropriate basic expectations for interactions with peers and teacher. Helps students take responsibility for their own learning. Has developed limited classroom management systems that minimize disruption.</td>
<td>Sets social norms and higher expectations for interactions with peers and teacher. Helps students take responsibility for their own learning and that of their peers. Has well developed classroom management systems that minimize disruptions and facilitate learning.</td>
<td>Sets social norms and highest expectations for interactions with peers and teacher to focus on and enhance learning. Helps students adopt roles and responsibilities for their own learning and that of their peers. Has developed sophisticated classroom management systems that minimize disruptions and facilitate learning.</td>
</tr>
</tbody>
</table>

Possible evidence
- Encourages students to build upon one another’s answers and to stimulate dialogue among learners
- Teaches and models strategies to work effectively with others
- Deliberate decisions are made re student seating/grouping
- Teacher has clear purpose and plan for group work
- Employs effective and efficient routines and procedures that promote student interaction within groups
- Solicits connections from students and models how to listen and respond to other perspectives
- Encourages student independence combined with a sense of personal accountability to classmates
- Other
**Standard 3.3 - Teacher places a premium on student engagement.**

<table>

Uses limited strategies and engages few students. Does not build upon student interests. Limited encouragement of students to overcome reluctance.

Uses some strategies to engage students and monitors that engagement. Builds upon student interests. Encourages students to overcome personal setbacks, doubts or reluctance.

Uses a variety of strategies to motivate. Engages most students and monitors that engagement. Bridges between current student knowledge and ability and their potential by building upon student interests. Encourages students to overcome personal setbacks, doubts or reluctance.

Uses a wide variety of strategies to motivate and engage virtually all students and monitors that engagement. Bridges between current student knowledge and ability and their potential by building and expanding upon student interests. Encourages students to overcome personal setbacks, doubts or reluctance to push them to a higher level of learning.

**Possible evidence**

- Communicates high expectations to all students
- Stimulates student interest and engagement
- Makes clear to students what they are expected to learn in a way that generates interest and engagement
- Makes connections to real life situations (e.g., extends knowledge that sparks student curiosity for learning beyond required coursework)
- Learning is active and requires participation of all students
- Other

**Standard 3.4 - Teacher regularly assesses student progress.**

<table>
<thead>

Little to no monitoring of individual or class learning. Uses limited evaluation methods. Provides limited feedback to students.

Seldom monitors individual or class learning and makes instructional, data-driven decisions. Uses some evaluation methods. Provides feedback to students.

Consistently monitors individual and class learning and makes instructional, data-driven decisions. Understands the purposes, timing and focus of multiple evaluation methods and adjusts instruction accordingly. Provides constructive feedback in varied forms to students, parents and self. Regularly engages students in self-assessment.

**Possible evidence**

- Interprets students’ facial expressions and other nonverbal behaviors to determine if further cues or explanations are needed.
- Moves among students to check progress and understanding and provides constructive feedback
- Uses multiple formative assessment techniques (such as observations, conversations, running records, summarizing, self and /or peer assessment, exit slips, and authentic tasks with rubrics) aligned to goals
- Uses assessment results in planning for individuals and groups and adjusts/differentiates instruction based on progress
- Other

➢ NBPTS Core Proposition #4 - Teachers think systematically about their practice and learn from experience.

**Standard 4.1 - Teacher is continually making difficult choices that test his/her judgment.**

<table>

Inconsistently follows provided content scope and sequence using a limited variation of instructional strategies without regard to individual student needs or competencies

Follows provided content scope and sequence. Makes limited judgments about curricular objectives and instructional strategies based on individual student needs and assessed competencies

Demonstrates thorough knowledge of content scope and sequence. Makes informed judgments about curricular objectives and materials and instructional strategies based on clear understanding of individual student needs and assessed prior competencies

Demonstrates exemplary knowledge of content scope and sequence. Makes insightful judgments grounded in established theory about curricular objectives and materials and instructional strategies based on clear and consistent understanding of individual student needs and assessed prior competencies

**Possible evidence**

- Models and facilitates student use of higher-level thinking.
- Facilitates and productively guides student discussion
- Pursues divergent patterns and novel approaches to curricular objectives
- Demonstrates informed risk taking
- Other
### Standard 4.2 - Teacher seeks the advice of others and draws upon education research and scholarship to improve practice.

- Does not reflect on their teaching in order to improve, nor solicit feedback from peers, and administrators.
- Sometimes reflects on their teaching in order to improve, drawing upon best practices. Occasionally solicits feedback from peers and administrators.
- Frequently reflects on their teaching in order to improve, drawing upon best practices. Often solicits feedback, including observations and critiques, from peers, students, parents, and administrators.
- Continually reflects on their teaching in order to improve, drawing upon current research and best practices. Consistently solicits and incorporates feedback, including observations and critiques, from peers, students, parents, and administrators.

#### Possible evidence
- Shares ideas with and soliciting ideas from peers
- Initiates participation in PD workshops and coursework
- Creative/critical thinking strategies and activities utilized
- Reviews student feedback surveys incorporating results in professional development
- Invites peer observation and critique
- Other

#### NBPTS Core Proposition #5 - Teachers are members of learning communities.

### Std 5.1 - Teacher contributes to school effectiveness by collaborating with other professionals.

- Contributions to professional development and school-wide improvements are limited to those mandated by district policies regarding professional development and attendance.
- Works on professional development and school-wide improvements in pursuit of excellence in teaching and learning experiences for students.
- Works and collaborates on professional development and school-wide improvements in a continuous pursuit of excellence in teaching and learning experiences for students. May offer to take on leadership roles within their learning communities.
- Initiates, works and collaborates on professional development and school-wide improvements in a continuous pursuit of excellence in teaching and learning experiences for students. Assumes proactive and creative leadership roles within and outside of their learning communities. Challenges negative attitudes and models a solution-oriented disposition.

#### Possible evidence
- Appropriately applies strategies for conflict resolution
- Participates in curriculum work and discussions (common core, etc.) at school and district level
- Initiate conversations with guidance, social work, other resources to support students
- Utilize RTI process for academic and non-academic concerns to get support for students (literacy, math, guidance, behavior)
- Works with unified arts teachers to integrate content and learning experiences
- Keeps apprised of 504 and IEP accommodations
- Works with colleagues across disciplines to find alternative/creative solutions for at-risk students
- Other

### Standard 5.2 - Teacher works collaboratively with parents.

- Communicates in a limited fashion with guardians to inform them of their child's progress. Makes little or no attempt to address the physical, academic and social/emotional needs of each student.
- Communicates with guardians inconsistently to inform them of their child's progress. Aware of the physical, academic, social/emotional needs of each student and attempts to address them.
- Communicates with guardians by enlisting their support in fostering learning and good habits, informing them of their child's progress. Understands the familial barriers and the physical, academic, social/emotional needs of each student and employs skills and strategies to address them.
- Communicates consistently with guardians, enlisting their support in fostering learning and good habits, informing them of school programs and their child's progress. Understands traditional cultural and familial barriers and the physical, academic, social/emotional needs of each student and employs skills and strategies to address them.

#### Possible evidence
- are partners with parents in the education of their children
- Provides constructive feedback to parents using rubrics, progress reports, conferences, communication logs.
- Considers the needs and schedules of families when planning classroom events
- Solicits parent feedback through surveys, meetings and/or technology
- Collaborates with parents to offer support for students outside of direct instruction
- Supports students before/after school

Draft as of May 31, 2012
### Standard 5.3 - Teacher takes advantage of community resources.

<table>
<thead>
<tr>
<th>Ineffective</th>

<th>Effective</th>
<th>Distinguished</th>
</tr>
</thead>
<tbody>
<tr>
<td>Little or no evidence</td>
<td>Limited evidence</td>
<td>Clear evidence</td>
<td>Clear, consistent and convincing evidence</td>
</tr>
</tbody>
</table>

- **Unaware of community’s character. Unfamiliar with the community, its diversity and students’ backgrounds.**
- **Somewhat aware of community's character and its effects on students. Somewhat understands the community, its diversity and students' backgrounds as resources for learning.**
- **Cultivates expanded knowledge about the community's character and its effects on students. Capitalizes on the community, its diversity and students' backgrounds as resources for learning.**
- **Cultivates comprehensive knowledge about the community's character and its effects on school and students. Capitalizes on and engages the community, its diversity and students' backgrounds and employs them as powerful resources for learning.**

### Possible evidence
- Utilizes older students to engage/mentor younger students
- Directs students toward needed community resources as appropriate
- Actively encourages and uses parent and community volunteers
- Promotes field trips that connect history and culture to the students’ community
- Uses community based learning projects (e.g. oral history, cultural journalism, etc.)

### Standard 5.4 - Teacher considers his/her professional ethics in interactions with students, colleagues, primary caregivers, and the public.

<table>
<thead>
<tr>
<th>Ineffective</th>

</tbody>
</table>

- **Limited understanding of basic standards of honesty, integrity, confidentiality and discretion in their words and actions; neglects to consider the needs of students when interacting with colleagues, students, and the public; bases judgment on hearsay rather than hard information; Demonstrates limited awareness and compliance with school and district policies regarding professional behavior and confidentiality.**
- **Displays basic standards of honesty, integrity, confidentiality and discretion in their words and actions; sometimes considers the needs of students when interacting with colleagues, students, and the public; may base judgment on hearsay rather than hard information; attempts to demonstrate awareness and compliance with school and district policies regarding professional behavior and confidentiality.**
- **Displays high standards of honesty, integrity, confidentiality and discretion in their words and actions; routinely considers the needs of students when interacting with colleagues, students, and the public; bases judgments and decisions on hard information rather than on hearsay and tradition; Consistently complies with school and district policies regarding professional behavior and confidentiality.**
- **Facilitates a professional vision by displaying the highest standards of honesty, integrity, confidentiality and discretion in their words and actions; consistently considers the needs of students when interacting with colleagues, students, and the public; uses influence to convince others of the importance of maintaining this vision when interacting with colleagues, students and the public; consistently adheres to and upholds school and district policies regarding professional behavior and confidentiality.**

### Possible evidence
- Bases judgment and recommendations on hard information rather than on hearsay and tradition
- Operates with best interest of students in mind
- Models and creates conditions in which students and adults act altruistically
- Influences other members of the learning community to be good citizens and contribute in a positive manner to the broader community.
- Recognizes potential bias in the learning community and intervenes when practices may marginalize students
- Is a positive role model for the learning community
- Other
### Student Growth Measurement (based upon present measurements)

#### Goal Achievement (1-10 points)
