Library/Media Specialist is considered a shortage (targeted need) area, so the requirements for certification have been lowered to allow for more teachers to be hired.

Required semester hours shall consist of non-duplicative coursework: examples: only one English Composition course or only one Algebra I course. Courses must be graduate semester hours from a regionally accredited college.

*** These credits may be earned through coursework or through completion of an approved in-service program taken since July 1975 and approved by the Maine Department of Education's Certification Office. This requirement may not be met through experience.
