

Safety Cohort Grant 2015 Addendum Outcomes:

Deliverables:	Details	Status:
<p>Addendum: Expand the scope of the project to include program safety videos for all secondary CTE schools to use in their programs to address equipment safety concerns Additional funds to create 7-10 CTE student-centered videos to replace aged OSHA training. The videos would align to the OSHA 1910 and 1926 standards and replace work-product being supplied by OSHA Region 1 training center. The videos would be a partnership of efforts by interacting with Maine CTE Digital Arts programs for several video production facets like filming, editing, acting and postproduction. All production work will conclude by June 30th.</p>	<p>10 videos were slated for development. Each topic was to address general safety topics around OSHA 1910 and 1926. 8 videos were created</p>	<p>Completed</p> <p>8 videos of the 10 @ \$3000.00 per topic.</p>
