

April 14, 2000

**To:** Superintendents of districts previously funded for both TLCF and Goals 2000

**From:** Heidi McGinley and Sue Alderson

**RE:** The FY01 application and an additional grant writing workshop

Enclosed is a registration form for an additional grant writing workshop in Waterville, May 16 and 17. We discovered several conflicts with the dates set for the Bangor grant writing workshop and so have added this additional workshop to make up for all known and unknown conflicts. Content will be the same as for the three workshops around the state about which you already have information.

You may use the enclosed new form to register for workshops or write Waterville in on the old form.
