

MDPB: June 20, 2007

No quorum

Members: Diaz, Kendall, Busko, and Sholl

Staff: Dawn

Guests:

No ability to do business, but Diaz reviewed the MEMS Board retreat and 2006-2007 annual goals:

MDPB Annual Goals

2006-2007

- A. Cardiac Care which may include a STEMI protocol, addresses the issue of diversion, 12 lead training-- this lives in our cardiac advisory committee (HART)
- B. Completion of PIFT and then began work on tackling the issue of PIFT with blood products
- C. EMD protocols and QA
- D. Protocol Revision; Finalize OLMC piece and get it up and running in a web-based format
- E. Continue to investigate and be open to all endeavors that impact EMS
- F. Look at an evidence-based medicine review for all articles pertinent to EMS in the last year
- G. Respond to and position/partner with others to respond to the Institute of Medicine 2006 report- excerpt included on next page, and MDPB most able to entertain the discussion of disaster medicine in EMS which they have started.
- H. Defining our role in a pandemic response
- I. Construct an intrafacility document that would be aimed at an FAQ type of function, and perhaps is a protocol that may fit in the Brown Section (asked ops team/regional coordinators to with help us with this—still pending)

South Portland Fire asked to have Cyano kits at July MDPB—will add and they need to include their regional or service medical director.

At this point, plan for both July and August 2007 Meeting
