

Parameletus midas* (A Mayfly)*Priority 3 Species of Greatest Conservation Need (SGCN)****Class:** *Insecta* (Insects)**Order:** *Ephemeroptera* (Mayflies)**Family:** *Siphonuridae* (Primitive Minnow Mayflies)**General comments:**

3 EOs (Narraguagus River, Machias River in Aroostook Co., SB Dead River); occurs in similar habitat as Tomah Mayfly, which has been well-surveyed in ME; a northern species, with ME the only US record (?); G5

Species Conservation Range Maps for A Mayfly:Town Map: [Parameletus midas_Towns.pdf](#)Subwatershed Map: [Parameletus midas_HUC12.pdf](#)**SGCN Priority Ranking - Designation Criteria:****Risk of Extirpation: NA****State Special Concern or NMFS Species of Concern:***Parameletus midas* is listed as a species of Special Concern in Maine.**Recent Significant Declines: NA****Regional Endemic: NA****High Regional Conservation Priority: NA****High Climate Change Vulnerability: NA****Understudied rare taxa:**

Recently documented or poorly surveyed rare species for which risk of extirpation is potentially high (e.g. few known occurrences) but insufficient data exist to conclusively assess distribution and status. *criteria only qualifies for Priority 3 level SGCN*

Notes: 3 EOs (Narraguagus River, Machias River in Aroostook Co., SB Dead River); occurs in similar habitat as Tomah Mayfly, which has been well-surveyed in ME; a northern species, with ME the only US record (?); G5

No Stressors Currently Assigned to A Mayfly or other Priority 3 SGCN.

Species Level Conservation Actions Assigned to A Mayfly:

No Species Specific Conservation Actions Currently Assigned to A Mayfly or other Priority 3 SGCN.

Guild Level Conservation Actions:

This Species is currently not attributed to a guild.

Broad Taxonomic Group Conservation Actions:

Relevant conservation actions for this species are assigned within broader taxonomic groups in Maine's 2015 Wildlife Action Plan: Element 4, Table 4-1.

Habitat Based Conservation Actions:

Additional conservation actions that may benefit habitat(s) associated with this species can be found in Maine's 2015 Wildlife Action Plan: Element 4, Table 4-15. Click on the Habitat Grouping of interest to launch a habitat based report summarizing relevant conservation actions and associated SGCN.

The Wildlife Action Plan was developed through a lengthy participatory process with state agencies, targeted conservation partners, and the general public. The Plan is non-regulatory. The species, stressors, and voluntary conservation actions identified in the Plan complement, but do not replace, existing work programs and priorities by state agencies and partners.
