Sponsor: Sen. Diamond of Cumberland
Committee: Criminal Justice and Public Safety

Law Ref.:

House Status: ENACTED
Senate Status: APPROP. TABLE

Sort: F
Motion: OTP

Active Item: 5
Engrosser: Yes

Fiscal Note Summary: Potential future biennium cost increase - General Fund

Correctional/Judicial Impact: This legislation allows blended sentencing for certain juveniles convicted as adults and sentenced to imprisonment if the juvenile has not attained 16 years of age at the time of sentencing. The fiscal impact of allowing sentencing placement to both juvenile (until age 18) and adult correctional facilities will depend on how often this type of sentence occurs and on what the sentence might have been had the current statutes continued unchanged. It appears that the most likely use of the blended sentence would be to add time in an adult facility beyond what might have been a sentence served only in a juvenile facility. An additional cost to the State would be incurred for the additional total time served. However, in the last 5 years there were 60 bind-overs and none of them involved a person under 16 years of age. Therefore, it is not expected that the number of future incarcerations would be significant.

Minor revenue increase - General Fund

Correctional/Judicial Impact: Increases fines and the class of crime for violation of the laws regarding transportation and receipt of wild blueberries. Establishes new Class C crimes. Class C crimes must be served in a state correctional facility. The average cost to the state for each sentence is \$70,308 based on an average length of stay of 1 year, 10 months. The Judicial Department expects 0-1 cases every 5 years based on no violations filed in the history of the MEJIS system. The collection of additional fines may also increase General Fund revenue by minor amounts.
