

HIGHWAY FUND

The Highway Fund is a fund established in the Maine Constitution (Article IX, Section 19) and by statute (23 MRSA c. 19, sub-c. IV, sections 1651-1653) for:

- a. the maintenance, construction and reconstruction of Maine highways and bridges;
- b. administrative costs incurred in the construction and maintenance of highways; and
- c. expenses for state enforcement of traffic laws.

The Highway Fund derives its revenue from a gasoline and diesel fuel tax, taxes on motor truck carriers, motor vehicle license and registration fees, revenues from over weight fines, and other miscellaneous highway and transportation sources. The following represents a breakdown of the budgeted revenue for the Highway Fund for FY 2007-08 and FY 2008-09. Fuel taxes and motor vehicle license and registration fees make up almost 95% of the budgeted revenue for the 2008-2009 biennium.
