Subject: Foreclosure bill

Importance: High

Hi Brendan, AARP is supportive of the foreclosure bill. We especially like the provisions dealing with foreclosure mediation, including using the proceeds from sales of abandoned properties to help fund the mediation program. I cannot be at the work session because I will be at the budget hearings but you are welcome to mention our support if you have the opportunity and you think it is helpful. Also, if there is anything else we can do to keep this moving, please let me know. Kind regards, Lori
