DAVID A. COLE  
 COMMISSIONER

January 12, 2009  
 Subject: **Poland**  
 State Project No. NH-1001(400)E  
 State Pin No. 010014.00  
**Amendment No. 2**

Dear Sir/Ms:

Make the following changes to the bid documents:

**NOTE – The Geotechnical Report has been posted to our web site. Mailed copies are available via RFI.**

In the Bid Book, NOTICE TO CONTRACTORS (page 1, replaced by Amendment #1), first sentence; **CHANGE** the bid opening date from January 21, 2009 to **January 28, 2009**. Make this change in pen and ink.

In the Bid Book, **REMOVE** the “SCHEDULE OF ITEMS”, pages 4 through 18 (15 pages dated 081229) and **REPLACE** with the attached new “SCHEDULE OF ITEMS” (15 pages dated 090108).

In the Bid Book (page 34), **REMOVE** the “2008 FAIR MINIMUM WAGE RATES”, 1 page and **REPLACE** with the attached (2 pages) new “2009 FAIR MINIMUM WAGE RATES” TWO PAGES – ONE EACH FOR HIGHWAY AND BRIDGE.

In the Bid Book (pages 48 & 49), **REMOVE** “SPECIAL PROVISION, SECTION 105, General Scope of Work, (Environmental Requirements)”, 2 pages dated 12/29/08 and **REPLACE** with the attached new “SPECIAL PROVISION, SECTION 105, General Scope of Work, (Environmental Requirements)”, 2 pages also dated 12/29/08.

In the Plans, make the following **CHANGES** to the ESTIMATED QUANTITIES on Plan Sheets 17 of 251 & 18 of 251. Make these changes in pen and ink on the indicated pages.

**DELETE** the following:

- 603.80 600MM Inlet Grate Unit (page 17 of 251)
- 606.356 Underdrain Delineator Post (page 17 of 251)

**ADD** the following:

- 608.08 Reinforced Concrete Sidewalk M2 144 (Sheet 17 of 251)
- Bridge Alternate #2 ONLY**

PRINTED ON RECYCLED PAPER

THE MAINE DEPARTMENT OF TRANSPORTATION IS AN AFFIRMATIVE ACTION - EQUAL OPPORTUNITY EMPLOYER

**CHANGE** the following:

Bridge Alternate #2 – Item 203.2318, **CHANGE** the quantity from 400 to 100  
**MG** (Sheet 18 of 215)

The following questions have been received:

**Question:** It appears that all but the head wall of the dam is to be removed in Bridge Alternate #2 where most of the existing bridge walls are to remain in Alternate #1. Due to stability of the existing head wall, would the State consider leaving most of the existing structure and remove only those portions in conflict with the new abutments?

**Response:** The return wings of the existing bridge are being removed down to approximately El 92.1 m, this portion of the wall is replaced by a concrete wall cantilevered out from the integral abutment and cast against the dam structure to remain. Any part of the existing stone abutment below 92.1m may remain as it is. Portions above 92.1m may be integrated into the riprap slope required in front of the new abutment.

**Question:** Who will determine which Bid Alternate will be contracted for, the contractor bidding or MDOT? If MDOT, the contractor would have to price all the alternates.

**Response:** The Contractor can choose which pavement alternate and which bridge alternate to bid. At least one paving alternate and one bridge alternate must be bid. If both paving alternates or both bridge alternates are bid, the Department will use the lowest bid alternate to determine the bid price.

**Question:** Please tell us if Steel H-Piles can be driven outside the work period of 7/15 to 11/15 allowed for in-water work?

**Response:** Yes, driving piles is not in water work.

**Question:** The furnished quantity for rebar is the same for both Bridge alternates, is this correct? Also, under Bridge Alternate 2, the furnished quantity for rebar is 9378, but the installed is only 6650, please clarify.

**Response:** The furnish quantity for option 2 should be 6650; please see the new Schedule of Items.

**Question:** What is mandating the 21 day time limit on Stage 2 of Bridge Alternate #2?

**Response:** We want to limit the time that traffic is split and the work area is in-between traffic.

**Question:** Why on page 48, Section 105, of the Bid Book is reference made to Coastal Wetlands when this is inland water?

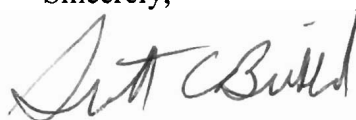

**Response:** Coastal Wetland is just one of the areas to which this Special Provision applies. Also covered by this Special Provision are rivers, streams, lake etc.

**Question:** How is the removal of existing Pavement going to be paid for?

**Response:** Pavement removal is paid for under the Common Excavation item 203.20.

Consider these changes and information prior to submitting your bid on **January 28, 2009.**

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Bickford". The signature is written in a cursive, flowing style.

Scott Bickford  
Contracts & Specifications Engineer

SPECIAL PROVISION  
SECTION 105  
General Scope of Work  
(Environmental Requirements)

In-Water work consists of any activity conducted below the normal high water mark of a river, stream, brook, lake, pond or “Coastal Wetland” areas that are subject to tidal action during the highest tide level for the year which an activity is proposed as identified in the tide tables published by the National Ocean Service. <http://www.oceanservice.noaa.gov/> For the full definition of “Coastal Wetlands”, please refer to 38 MRSA 480-B(2)

I. In-Water Work shall not be allowed between the dates of 12/16 and 6/30.

**(In-Water work is allowed from 7/1 to 12/15.)**

**Can drive and remove piles anytime**

II. In-Water work window applies to the following water bodies at the following station #'s:

1. Lower Range Pond

III. Special Conditions:

1. **Can drive and remove piles anytime.**

IV. Approvals:

1. Temporary Soil Erosion and Water Pollution Control Plan

V. All activities are prohibited (including placement and removal of cofferdams unless otherwise permitted by Regulatory Agencies) below the normal high water mark if outside the prescribed in-water work window, except for the following:

1. Work within a cofferdam constructed according to MaineDOT’s Standard Specifications and in adherence with the contractors approved “Soil Erosion and Water Pollution Control Plan”.

VI. No work is allowed that completely blocks a river, stream, or brook without providing downstream flow.

**NOTE: Regulatory Review and Approval is required to modify the existing In-Water work window. Procedure to modify the existing in-water work window can be found on the back of this document or the next page.**

## **PROCEDURE FOR PROCESSING ANY IN-WATER WORK EXTENSION**

**MaineDOT will not incur any claims as a result of an In-Water modification being denied.**

The following procedure will assist in processing a review by the Regulatory Agencies when the in-water work restrictions of a permit need modification:

1. The Contractor shall submit to the MaineDOT Resident in writing the in-water work extension request. The written request shall be submitted **in accordance with State of MaineDOT Standard Specification section 107.4 Scheduling of Work**. This is a change in the contract, and per MaineDOT Standard Specification section 109, a contract modification is required.
2. The Contractor's written request shall have the following items identified for the MaineDOT Environmental Office to evaluate adequate justification to continue forward with the modification of existing Contract Permit Conditions:
  - A) Description of the scope of In-Water work
  - B) Total number of working days requested to complete the scope of In-Water work
  - C) The reason(s) the In-Water work cannot be done in accordance with the Permit Conditions and/or Special Provision 105 Specification.
  - D) Benefit(s) to the MaineDOT for this change of Contract requirement
  - E) Photographs of the area of work described
3. MaineDOT is held harmless from claims and liability if the request to "Modify" the Contract Permit Conditions are denied.

**Please Note: depending on the level of State and Federal Permitting required for the project, permit modification timeframes will vary depending on revised consultations and approvals. Timeframes will vary from project to project (even site to site on individual projects) and contractors will not count this review/modification "timeframe" as time lost from doing in-water work.**
4. If the request is approved by the Regulatory Agencies, then a Contract Modification will be issued by the MaineDOT Resident indicating the monetary and time commitment this change has on the MaineDOT's contract.
