Amendment No. 2

Dear Sir/Ms:

Make the following changes to the bid Documents:

In the Bid Book (pages 4 thru 8), **REMOVE** the "SCHEDULE OF ITEMS" 5 pages dated 101015 (replaced in amendment #1) and **REPLACE** with the attached new "SCHEDULE OF ITEMS" 5 pages dated 101018.

In the Plans, SHEET NUMBER 3 OF 41, GENERAL NOTES, **ADD** the following note in pen and ink;

"24. The Contractor will be expected to maintain the existing road closures at the ends of the construction area until the road is open to traffic. Payment will be incidental to Item 652.39."

The following questions have been received:

Question: How far from the existing house location is the proposed new house site?

Response: Approximately 150' from its existing location.

Question: Will the Contractor be responsible for obtaining any special permits for work in and around the river?

Response: No, the Department has acquired all necessary permits to construct the slope stabilization and road.

Question: Assuming the guard rail is installed through the base course mix – will the MDOT require the surface course to be placed behind the guard rail or can it end at the face of the rail?

PRINTED ON RECYCLED PAPER

Response: The Guard rail will be installed on the base course. The surface pavement will be required to be placed within 3" of the posts on this project.

Consider this change and information prior to submitting your bid on October 21, 2010.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Bickford". The signature is fluid and cursive, written over the printed name.
