The following questions have been received:

Question: The job is 4.051 miles long. Section 652 specifies a maximum closure of 3 miles. Would the Department allow one closure of 4.051 miles for this project?

Response: Without knowing specific details of the Contractor's proposal, the Department will not entertain extending the lane closure past 3 miles.

Question: The pipe at Exit 167 is off the project and there is no reference point to find this pipe. Can you give a specific location for the pipe at Exit 167?

Response: Pipe is located at Exit 161 see the attached updated Drainage Sheet.

Question: Can locations and the extent of work be given for the chainsaw and brush chipper items?

PRINTED ON RECYCLED PAPER

Response: These items are not estimated for any particular locations, they will be used as directed by the Resident.

Consider these changes and information prior to submitting your bid on February 16, 2011.

Sincerely,
