017814.00 & 018051.00
Amendment No. 6

David Bernhardt
COMMISSIONER

Dear Sir/Ms:

The following question has been received:

Question: In response to bid amendment #5 regarding the request for bridge dimensions for the additional bridges for PIN 18051.00. The construction notes provided in bid amendment #3 provide bridge stationing, but do not provide bridge widths. We still need these dimensions to determine pavement/membrane removal and installation of new membrane waterproofing. Please provide these dimensions.

Response: Based on photos, the Route 201 bridge width is approximately 42 feet and the West River Road bridge width is approximately 38 feet. The Contractor is strongly encouraged to verify these measurements in the field.

Consider this information prior to submitting your bid on **July 27, 2011**.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
