State PIN: N/A  
Location: Lincoln, Winn, Mattawamkeag,  
Molunkus Twp. and Macwahoc Plt.  
**Amendment No. 3**

David Bernhardt  
COMMISSIONER

Dear Sir/Ms:

The following question has been received:

**Question:** How do we obtain permission to use the MDOT facilities in Winn and Macwahoc for salt/sand storage?

**Response:** MaineDOT will consider bids from any contractor that needs to store materials at a MaineDOT facility. Both the Winn and Macwahoc facilities are being used to some extent by other entities, so MaineDOT will work with the apparent low bidder, prior to making an award, and will decide which of the facilities will work best for the contractor. The contractor will only have use of one of the facilities and will not have use of both. MaineDOT will make the final decision on which facility the contractor will be permitted to use. MaineDOT will not charge rent for use of its facility, however the contractor will be responsible for any utility and heating costs associated with their use, as well as any damage that the contractor may cause. Section 9, Facility Requirements, of the contract provides additional information.

Consider this information prior to submitting your bid on September 7, 2011.

Sincerely,

For Scott Bickford  
Contracts & Specifications Engineer
