David Bernhardt
COMMISSIONER

Dear Sir/Ms:

Make the following change to the Bid Document:

In the Bid Book (page 33), **CHANGE** the last item (item 10) on "APPENDIX A", "SCHEDULE OF ITEMS WORKSHEET" to read as follows;
"COMARK Marine Computer/Display Model #MDUPC19 with 19" monitor, 120 VAC power, Windows 7 operating system, wireless mouse and sufficient RAM & hard drive capacity for Nobeltec Admiral 11 Pro Chart Software. Mounting brackets and other hardware will be determined by the bidder after viewing each vessel." Make this change in pen and ink.

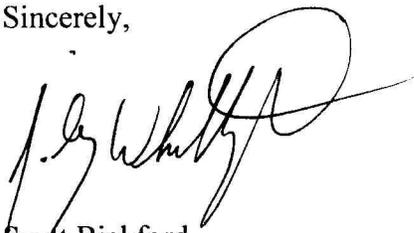

The following question has been received:

Question: Reference the Schedule of Items worksheet, item #10 (last Item) is too vague, need more specific specifications. This model comes in several variations like; AC or DC power, touch screen, pilot house or high bright screen. Suggest calling COMACK for advice and to get a specific part number.

Response: Please see the above pen and ink change.

Consider this change and information prior to submitting your bid on **January 11, 2012**.

Sincerely,

for Scott Bickford
Contracts & Specifications Engineer
