May 2, 2012
Subject: **Milo**
Federal Project No: AC-BR-1930(400)X
State WIN: 019304.00
Amendment No. 1

David Bernhardt
COMMISSIONER

Dear Sir/Ms:

Make the following changes to the Bid Documents:

In the Bid Book (pages 4 thru 8) **REMOVE** the "SCHEDULE OF ITEMS" 5 pages dated 120411 and **REPLACE** with the attached new "SCHEDULE OF ITEMS" 5 pages dated 120502.

In the Bid Book, after page 90, **ADD** the attached "SPECIAL PROVISION, SECTION 518, STRUCTURAL CONCRETE REPAIR" 1 page dated May 2, 2012.

The following questions have been received:

Question: The existing bridge deck underlying the wearing surface appears to be less than 7.9" thick. Please verify.

Response: The exact thickness of the deck is difficult to quantify according to the existing plans. The Department believes it is between 6.5 and 7 inches thick. Item 518.511 Full Depth Concrete Repair has been added to the contract. Please see the attached Schedule of Items and Special Provision 518.

Question: Where are items 201.23 – Remove Single Tree Top Only and 201.24 Removing Stump located?

Response: Items 201.23 - Remove Single Tree Top Only and 201.24 - Removing Stump are located on the detour on Stickney Hill Road near the intersection of Stanchfield Ridge Road. Any clearing necessary in this area, as directed by the Resident, shall be incidental to related contract items.

Question: Standard Specification 502.14B limits the use of lightweight vibrating screeds to slab structures less than 300 feet long or less than 16 feet wide. Will the use of a lightweight vibrating screed (razorback) be allowed for placing the wearing surface?

PRINTED ON RECYCLED PAPER

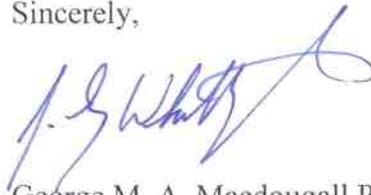

Response: Yes, use of a lightweight vibrating screed will be allowed for the placing of the wearing surface.

Question: How will the existing low end treatment of guardrail on the Northwest side of the bridge be paid for?

Response: The guardrail will be paid for under 606.78 - Low Volume Guardrail End - 1 each, located in the attached new schedule of items.

Consider this information prior to submitting your bid on May 9, 2012.

Sincerely,

for George M. A. Macdougall P.E.
Contracts & Specifications Engineer
