Dear Sir/Ms:

The following question has been received:

Question: In Special Provision 652, it says" A temporary centerline shall be placed each day on all new pavement to be used by traffic. The temporary centerline, when specified of reflectorized traffic paint, shall conform to the standard marking patterns used for permanent Markings" Can the centerline be TOM's or does it have to be paint

Response: Item 627.76 Temporary Pavement Marking Line, White or Yellow

- Temporary center and edge lines shall be painted on the surface pavement
- TOMs may be used on the surface pavement until the adjacent lane is paved
- All temporary lines shall be painted prior to doing the final striping
- Temporary centerline shall be painted on milled surfaces

Consider this information prior to submitting your bid on April 3, 2013.

Sincerely,
