Failure by the Contractor to perform the Work when required or to substantially meet other contractual requirements will result in the following actions:

- 1st Incident: If the Contractor does not take corrective action within 1 day upon receipt of verbal warning, the Department will issue a written warning.
- 2nd Incident: The Department will issue a written warning.

If Default occurs, the Department may give written Notice of Default to the Contractor. Failure to give Notice of Default is in no way a waiver by the Department of any provision of the Contract. In this event, the Department may enter into an Agreement with another entity for the Completion of the Work, or use such other methods as in the opinion of the Department are required for the Completion of the intent

of the Contract in an acceptable and timely manner. The Department will pay for all Accepted items of Work as of the date of Termination at agreed upon prices. The Contractor shall make all Work records available to the Department upon request regarding payment under this Section.
