The Maine Department of Transportation is attempting to improve the way Bid Amendments/Addendums are handled, and allow for an electronic downloading of bid packages from our website, while continuing to maintain an optional planholders list.

Prospective bidders, subcontractors or suppliers who wish to download a copy of the bid package and receive a courtesy notification of project specific bid amendments, must provide an email address to Diane Barnes or David Venner at the MDOT Contracts mailbox at: [MDOT.contracts@maine.gov](mailto:MDOT.contracts@maine.gov). ## Bidders:

Please use the attached “Request for Information” form when faxing questions and comments concerning specific Contracts that have been Advertised for Bid. Include additional numbered pages as required. Questions are to be faxed to the number listed in the Notice to Contractors. This is the only allowable mechanism for answering Project specific questions. Maine DOT will not be bound to any answers to Project specific questions received during the Bidding phase through other processes.

MaineDOT is making this bid opportunity available on the ***bidexpress.com*** website. Bid Express is an internet-based online service that allows bidders to save time and money by submitting their bids electronically for a fee of just \$25 per solicitation. Monthly subscriptions are also available to subscribers who may bid electronically on several solicitations within a month. In an effort to further encourage bidders to utilize this service, MaineDOT has committed to reimburse the \$25 fee for any bidder that submits a bid to this solicitation using Bid Express.

It is important to note that the Bid Express service is NOT the same service that MaineDOT uses for its construction projects ([bidx.com](http://bidx.com)). While the services are offered by the same company, the sites are vastly different in how they function. Potential bidders are encouraged to view the Bid Express Quick Start Guide provided on the following pages.
