Dear Sir/Ms:

The following question has been received:

Question: Could the department clarify the number of locations, length, depth and width for the hourly milling item that has been added to the contract as trucking and mobilization will need to be calculated as part of the hourly price?

Response: Route 213 9.46 miles one pass both lanes. Depth of 1"-2" 1 foot off centerline and zeroing out at 7'.

Question: Could the department clarify the number of locations requiring shim as well as the lengths, depths and width for each section by section?

Response: School Street 0.86 miles both lanes quarter point out approximately 5' wide (750 ton).
Eddy Road four locations 666' long both lanes quarter point out approximately 5' wide (400 ton).
Biscay Road one location 200' long eastbound lane quarter point out approximately 5' wide (50 ton).
1B two locations 666' long both lanes quarter point out approximately 5' wide (200 ton).

Consider this change and information prior to submitting your bid on **April 6, 2016**.

Sincerely,

George M. A. Macdougall P.E.
