Dear Sir/Ms:

The following question has been received:

Question: Can the five day duration for running traffic on the milled surface be waived for this project due to the unknowns of deck patching?

Response: If deck patching is required then the five day duration for running traffic on the milled surface will be waived and the Contractor will submit to the Resident, a proposal outlining the amount of time that traffic will be allowed to run on the milled surface, for the Resident's review and approval.

Consider this change and information prior to submitting your bid on **April 6, 2016**.

Sincerely,
