Dear Sir/Ms:

Make the following change to the Bid Documents:

**REMOVE** pages 20 thru 27, "CONTRACT AGREEMENT, OFFER & AWARD" and **REPLACE** with the attached revised "CONTRACT AGREEMENT, OFFER & AWARD", 8 pages.

**DELETE**, on page 45, in the "GENERAL NOTES" Note 6) the second sentence that reads "*The material shall be graded to match existing in-slope or as directed by the Resident before surface is placed.*" Make this change in pen and ink

The following questions have been received:

Question: In reference to the Contract Agreement, Offer & Award, Section B, Time which states a completion date of October 29, 2016 and Special Provision Section 107 pg 58 which states a contract completion date of August 20, 2016; what is the correct completion date?

Response: See above for corrected contract.

Question: In reference to General Notes 6 which states that pavement edges are required to be backed up prior to paving surface, and given this will occur after the milling to slope is performed; can the 7 calendar day limit for MaineDOT responsibility for any issues that arise after milling be extended to 14 days to allow time to back up the milled pavement prior to paving?

Response: See above for correction to "GENERAL NOTES", Note 6). The 7 calendar day limit for MaineDOT responsibility for any issues that arise will not be extended to 14 days.

Question: In reference to General Note 5; will the Department require excess material to be removed from shoulders after milling to slope occurs, and prior to paving surface, as is required for backing up pavement in General Note 6?

Response: The Department will not require excess material to be removed from the shoulders after milling occurs and after milling to slope and prior to paving surface.

Consider this change and information prior to submitting your bid on **March 23, 2016.**
