Dear Sir/Ms:

The following question has been received:

Question: Are there any site plans available for the wall showing grades, Top of Wall, Bottom of Wall, Length etc? Or is the supplier/Wall designer responsible for field checking to establish the wall elevation details?

Response: There are no site plans available. There is an existing, similar wall at the delivery location. The Bidder is responsible for examining the site of Work and making other investigations that are needed to make the Bidder aware of the existing conditions.

Consider this change and information prior to submitting your bid on **June 8, 2016**.

Sincerely,

A handwritten signature in blue ink that reads 'George M. A. Macdougall'.
