2nd Priority

Route #: _____ Road Name: _____

Enter information regarding the scope of this project (intersection improvement, safety improvement, etc.) Please also clearly identify the beginning and end points of the project that you are requesting.

Included in Municipal Comprehensive Plan? Yes: No:

If necessary, use additional paper to list your community's priorities.

Section 2: Passenger and Freight Transportation Improvements

Please note that airport and bus-system candidates require a local funding match.

Passenger projects provide alternatives to single-occupancy vehicles, and include air, rail, bus, or intermodal facility projects.

Freight projects may include intermodal connections, park and ride lots, truck climbing lanes, intersection improvements for truck safety, and marine projects, such as dredging for navigation.

List priorities on next page
