April 14, 2014

To Whom It May Concern.

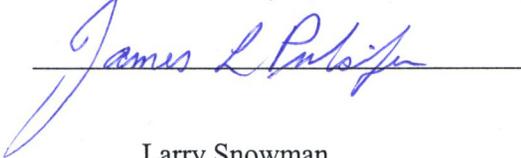

The Town of Peru Board of Selectmen has officially voted at their April 14, 2014 meeting to support the Maine Department of Transportation in their efforts to replace the Androscoggin River Bridge #2019 currently located on North Main Street over the Androscoggin River. We are writing to provide proof of our strong support for their efforts to gain critical funds needed to make this project happen sooner rather than later.

The original bridge was built in 1930. The bridge is in poor condition due to collision damage caused from truck traffic. We feel it is essential to the area to provide a safe passage for the many vehicles that pass over the bridge on a daily basis.

It is our sincerest hope that you give this project your complete and unbiased consideration.

Respectfully:

James L. Pulsifer, Board Chairman

Larry Snowman

Lee Merrill

Danny Wing
