The purpose of this "Sketch Plan" is to show the location of the proposed facility in relation to the highway. This plan is not necessarily drawn to scale, however, all reference points, offset distances and lengths must be accurately indicated. Multiple utility pole installations associated with MaineDOT projects may indicate the first and last pole in relation to the reference point described on the first sheet (including the project stations) and then reference an attached pole list for all those in between.

* Show These Distances
Where Applicable

ADDITIONAL PROCESS FOR SIGNIFICANT UTILITY INSTALLATIONS

Proposed installations involving **underground facilities of at least 492 feet in length or the installation of 25 or more utility poles** require evidence of coordination with at least one representative for every Utility have existing or proposed installations within the general location.
