St. Hyacinth is Westbrook's active Catholic cemetery and it has a preponderance of French family stones in the older section. In keeping with the French history of the City of Westbrook, we have recorded these transcriptions in French as written on the stones.

Around the turn of the century there was a section of burials marked only by a numbered *Iron Cross* ; the name was recorded in the priest's record book but not on the cross. During WW II the iron crosses were removed and the iron donated to the war effort and burial sites were no longer evident. Thanks to Phil LaViolet of Westbrook who has a copy of the priest's record book, we have included the listings for these burials (identified in this transcription by a cross [+]). This data was translated from the original handwritten French so there may be errors in spelling and translation. Most of these 'Iron Cross' names do not have any other stones marking their burial places.

NOTE: Surnames are cross-referenced when maiden name was indicated on stone

An asterick (*) after a name indicates that a stone for that name was not seen in 2003.

Holding you, I held everything. For a moment...wasn't I a king But if I'd only known how the king would fall, Hey, who's to say, you know...I might a changed it all. And now I'm glad I didn't know The way it all would end, The way it all would go Our lives are better left to chance, I could a missed the pain, but I'da had to miss... the dance. Yes our lives are better left to chance, we could've missed the pain but We'd had to miss...The Dance."The Dance" Thanks Garth Brooks and Tony Arata	CumWin03	198

Off of the River Road on the Anderson Rd. Take a left on Craig Rd. and go About a half mile. Located about a 300 feet in to the woods on a path that starts between two large pines, before a gravel pit. There is a metal pole across the road. Have to ask permission to go on the land. Use Rte #1 and go though light at Shop N' Save - at next light turn left and go up the ramp. At E. Main turn right, drive past entrance to North Road and continue on a ways past the town dump on the right. Go down the hill and at the next top at the intersection, turn right on Granite Street Extension and a short distance down the road on the right is the cemetery. There are boken stones and illedgible stones also - many worn and almost impossible to read.
