# Heweytown Cemetery

1842 - 1920

HanBuck04

**Bucksport, Hancock, Maine**

**Location: East Bucksport**

Note: When Mildred Goode gave this reading of the cemetery to my mother, Lila M. Weir, she had written a note at the bottom that when they tore down the Heweytown Post Office, they had used the steps, stones taken from the cemetery. She remembers seeing names on the stones, but can not remember the names, these stones were bulldozed under and a house has since been built over them.

*John Donne*

\*\*\*\*\*

In our loving, watchful care of those who sleep on Hatch's Hill, we pay tribute to the ordered beauty they left behind as Our Town. The Castine Cemetery is part of their heritage to us the living.

The cast off garments in this cloakroom of eternity receive the effective, gentle ministrations of Clara Albert, who loves each individual herein represented. The updated cemetery map is just one result of her dedication.

The census of the cemetery was compiled by Virginia Koffman, who kept in mind the triumphant inscription of Sarah and Abigail Hawes, "All the bounding universe is life. There are no dead." The words of the Victorian maiden lady teaching navigation to Castine's young sea captains are not to be taken lightly!

Grateful acknowledgment is given to Alva and Lorna Clement for their unsung labors thru the years. Alva, now eighty-nine,\* continues his work on behalf of the cemetery.

We thank all those, past and present who have contributed to this precious plot of earth, the Castine Cemetery

July 4, 1979

Note: The names in this booklet are listed alphabetically and chronologically and sometimes by family. The Perkins family is divided into its five heads, Isaac, Daniel, Stover, Joseph, and John. The respective initials I.P., D.P., S.P., Jos.P. and J.P. designate stray Perkinses who are not listed in the family fold.

Abbreviations are as follows: y, year; m. month, d. day; h. husband; w. wife or widow; s. son; d. died or daughter; c. child; gr.s. grandson; gr.d. granddaughter; t.r. town record; b.p. bans published. Parentheses enclose gratuitous information.

When this information plus thousands of numbers are presented, gremlins will rear their ugly heads. At times town records, family records, and cemetery records are at variance.

Since each individual is unique, it is recognized that these errors are uniquely painful to the family member or descendant. Your indulgence is asked until human errors can be corrected. A penchant for striking the wrong typewriter key likewise can result in minor horrors. Be that as it may, Castiners enjoy your roots.

**Location: Bulger Hill, Great Cranberry. From the town dock, walk straight ahead on the paved road. Soon the road curves to the left and then generally runs straight. Beyond the Bunker Cemetery (CI2) is a long stretch of relatively straight, flat road with fields and/or lawns on one or both sides. After this a dirt drive whose entrance is flanked by stone monuments. Turn right onto this drive and follow it until a less traveled grassy road on the right leads to the cemetery**

# Hodgkins (Albion S.) Cemetery

1873

HanFrk04

Franklin, Hancock County, ME

**Location:** This cemetery is located on Rte 182, 0.4 miles from Egypt Stream, in the rear of Hansen;s Used Cars & Junk Yard. This is a single marked grave with 2 stones one of which is a veteran's marker. At the time of this recording, the site was littered with used cars. Certainly not a gravesite befitting a Veteran.

HanFrk06

## Franklin, Hancock, Maine

**Location:** From Rte 182 in Egypt section of Franklin, go north on the Goodwin Road about half a mile almost to the remains (burnt out house) of the old Grant/Goodwin farm. Between two small fields on the right (east) side of the road stands an occupied house trailer. The cemetery is located in the woods 50 feet behind the trailer. Six graves were found, lined up in a row running roughly north to south. Each grave is marked on each end by small blocks of granite - no names or date have been carved into the stone. Names listed are who is probably buried here - never will know for sure.

Cemetery Notes: Great Pond Cemetery  
Great Pond, Maine

Mark E. Honey, Chief Scribe  
Mariaville & Ellsworth

Inventoried September 1998  
Completed April 29, 1999

This cemetery has been maintained by the community of Great Pond and is in fairly good condition. Many of the gravestones are missing and there are a number of unmarked graves. I will try to fill in some of these missing graves by adding material from the "Bangor Daily News", BDN, and from two different genealogies on the Williams & Archer families. This information will be placed in parenthesis and should be taken from: "Ancestors & Descendants of Joshua Williams" by Gleason L. Archer, LLD. The Archer family is taken from miscellaneous material that I have collected over the years, and an Archer genealogy whose origins are unknown.

The Great Pond Cemetery is located just beyond the village, heading toward Great Pond. There is basically one road in and one road out, so, just follow the pavement and you will find the cemetery on the right just before you take the long winding hill down to the pond.

Lastly, there may be some error in the listing from 70 to 77. The errors made here are largely of omissions, however, the information listed is correct. The omission comes from my own inability to get access to the gravestones. I have done the work from my wheelchair and there are some spots which are impossible for me to

Moon Thomas						Sullivan's Company - Revolutionary War	HanHan06	1
This family graveyard was pointed out by Monroe Moon, who lives across from the hillcrest Cemetery, and who also owns a copy of the "Moon Family History." According to the "History" this graveyard is precisely located and it states that "there are 18 graves and possibly more." Monroe reports that this cemetery had been vandalized and all the grave stones except one have disappeared. The one remaining marker has the above information.								
It is believed that this is Thomas Moon III, the first Moon to settle in Hancock about 1766-67.								
There are several sunken graves.

**The Frost Cemetery was inventoried and mapped while I was working for the Town of Mariaville in 1996. This Listing is the final list done for this Cemetery and includes all unmarked graves, missing dates, and family associations. I have included the wife's maiden name as well as the relationships of families in the same lot. The Town Clerk of Mariaville has a complete listing of all Mariaville's Cemeteries with a brief history of each cemetery.**

## Tannery Hill Cemetery

This cemetery is one of the oldest in Mariaville. The cemetery began on the farm of Nathaniel Smith whose home, in the 1820's, was located near Tannery Brook. The oldest known grave appears to be that of Lucinda Jordan in 1826, indicating that Nathaniel Smith may have allowed this portion of his farm to be used by the small community, as a community burial ground. Amos Parsons purchased a lot on the Smith Farm as early as 1837, however, lots were being laid out on the Parson's Farm as early as 1840. After 1840, the cemetery grew to four rows on the Parson's Farm and five rows on the Smith Farm. A row of maples stands in the middle of the cemetery marking the dividing line between the two farms.

This listing was compiled when I was working for the Town in 1994. This was the first detailed record made of this cemetery. I have compiled the following listing from the stones and various records that I have researched in my years of study on Mariaville's families. Some of the information given here adds to the record given on the stone. I will try to mark this info into brackets.

The cemetery should be considered as one of Mariaville's last historical treasures. Some of the stones are slate with the famous "weeping willow" motifs. The remains of many of the town's early settlers lie here, standing watch over the Union River Valley which they worked so hard to settle. The cemetery is now closed, forever binding these remains to another era.

All graves will be listed from left to right in each grave. Some lots have no burials, indicating an unknown grave or a designation given by me in order to better understand how these graves were laid out

## Grindle Burying Ground

Sedgwick, Hancock, Maine

This burying ground is located off the Ridge Road behind what was known as Violette's house. The house has been torn down. As we explored this burying ground expecting to find the two known stones, we were surprised to find an initialed footstone. What a joy to be able to identify the initials, MEG, as the 11 child of Joshua and Prudence Grindle.

## **Herrick Road Burying Ground**

Sedgwick, Hancock, Maine

The book issued for Sedgwick's bicentennial celebration lists this cemetery as having one stone, unreadable. The historical society's list has one stone with partial information. People that grew up in this area tell me that fifty or sixty years ago it was quite a large cemetery with several stones in various stages of preservation.

## Oak Hill Cemetery

Sedgwick, Hancock, Maine

Located on the north side of Route 175, behind some farm buildings, and not far from Camp Stream Cemetery, this cemetery is visible from the road. The oldest stone is that of Jasper Staples, who died Jan. 4, 1844 at the age of 2 years, the son of John and Asenath Staples. This is a very attractive area and was used as recently as 1988.

## **Old Ferry Landing**

Sedgwick, Hancock, Maine

This burying ground is located on the shores of the Bagaduce River on private property, as are many of these burying grounds. At present there only two stones, but more are reputed to have been here. Perhaps the landowners will have luck in finding other stones in their efforts to resurrect this ground.

## Pine Grove Cemetery

Sedgwick, Hancock, Maine

This active cemetery was formerly on the side of Route 172 in full view of everyone traveling in North Sedgwick. The construction of a new, improved highway deprives us of the graceful arch and white fence surrounding this cemetery. The Pine Grove Cemetery Association keeps this cemetery clean and neat.

## Settlers Rest Cemetery

Sedgwick, Hancock, Maine

Located in Sargentville, close to the shore, this cemetery is maintained by Cemetery Association volunteers. The earliest stone is reputed to be that of John Billings in 1803. We didn't find a stone to prove this but found one for Abigail Byard dated Dec. 2, 1807. Abigail was the consort of Robert Byard and was 62 years old at the time of her death.

# Doliver Grave

1871

HanSwH09

## Southwest Harbor, Hancock, Maine

**Location:** In woods, east of Route 102 and west of Route 102A. Access is by foot from Hillcrest Circle. From the traffic light at the north end of Mount Desert Island, go straight ahead (south) onto Routes 102/198. In approximately 11.3-11.4 miles (about 0.8 miles of which are south of the blinking light in the village of Southwest Harbor), there is an intersection of Routes 102 and 102A. Continue straight on Route 102 about 0.4 miles, and turn left onto Hillcrest Circle. In less than 0.1 miles, bear left onto a gravel road. In approximately 0.1-0.2 miles, there is a road on the left that leads in the general direction of the grave. From this point travel should be on foot. More specific directions to this stone are not given here to protect it from further vandalism. The stone bears the mark of two bullets and is located the general vicinity of discarded white goods, half a dozen or so abandoned automobiles, and other debris.

In approximately 10.6-10.7 miles (6.3-6.4 miles of which are south of the traffic light at the intersection of Routes 102/198 and 198/233, turn left onto Clark point Road at the blinking light in the center of the village of southwest harbor. In about 0.6-0.7 miles is an intersection on the left with Claremont Road. In Approximately 5.2 miles (and at the south end of the village of Somesville), turn right onto Pretty Marsh Road (Route 102). In about 12.2-12.3 miles, go straight ahead, leaving Route 102; do not follow Route 102 as it curves to the left. # Head of the Harbor Cemetery

1847 - 1998

HanTrmt14

**Tremont, Hancock, Maine**

**Location:** Along east side of Route 102A, Bass Harbor. From the traffic light at the north end of Mount Desert Island, go straight ahead (south) onto Routes 102/198. In approximately 5.2 miles (and at the south end of the village of Somesville), turn right onto Pretty Marsh Road (Route 102). In About 12.2-12.3 miles, go straight ahead, leaving Route 102, do not follow Route 102 as it curves to the left. Travel approximately 0.3 miles to a stop sign, and then turn right onto Routes 102A. The cemetery is on the left in about 0.3 miles.

Alternatively, from the traffic light at the north end of Mount Desert Island, go straight ahead (south) onto Routes 102/198, but do not turn on Pretty Marsh Road. Approximately 13.0 miles from the traffic light at the beginning, go straight ahead following the sign to Bass Harbor instead of staying to the right on Route 102. The cemetery is on the left in about another 0.5-0.6 miles.
