

Brick: External Storage (Storage not attached directly to a server, but accessed via a network or fiber channel network)

Domain: Computing Infrastructure

Effective Date: December 18, 2015

Current

+ Two Years

1. Baseline Technology (Approved & supported for current usage.)

- EMC VNX (NAS)
- EMC CLARiiON (SAN)
- EMC Isilon – Tier 2 – Private Cloud
- Deduplication of EMC user shares

2. Mainstream Targets (Primary candidates for future deployment, subject to further review and acceptance by the CIO.)

- Descendants of Baseline Technology

3. Retirement Targets (Exit ASAP.)

- Predecessors of Baseline products that lag by more than one full version from those that are fully supported by the product vendor.

4. Containment Targets (Current usage approved. No further proliferation. Long-term exit plan. For waiver, follow Waiver Policy.)

- Predecessors of Baseline products that lag by no more than one full version from those that are fully supported by the product vendor.

5. Notes:

- By default, Baseline Technology product versions are those that are fully supported by the product vendor. This includes "Extended Support", not just "Service Pack" or "Mainstream Support".
