Docket NO. INS-95-34)

Pursuant to 24-A M.R.S.A. § 210, the Superintendent has assigned Bureau of Insurance Financial Surveillance Attorney Robert Alan Wake to hear and decide this matter, replacing former hearing officer William Lund. Bureau Staff has attempted unsuccessfully to contact the Petitioner at its last known address and through its last known counsel of record in order to ascertain whether there is still an active controversy. The Secretary of State has advised that the Petitioner's corporate authority has been suspended.

The Petition is therefore *DISMISSED*. This dismissal is not an adjudication on the merits and is entered without prejudice to the right of any party in interest to initiate further proceedings relating in whole or part to issues addressed by the Petition.
