The Contractor shall not engage on a full-time, part-time or other basis during the period of this Agreement, any other personnel who are or have been at any time during the period of this Agreement in the employ of any State Department or Agency, except regularly retired employees, without the written consent of the State Purchases Review Committee. 12. **STATE EMPLOYEES NOT TO BENEFIT** No individual employed by the State at the time this Agreement is executed or any time thereafter shall be admitted to any share or part of this Agreement or to any benefit that might arise therefrom directly or indirectly that would constitute a violation of 5 MRSA § 18 or 17 MRSA § 3104. No other individual employed by the State at the time this Agreement is executed or any time thereafter shall be admitted to any share or part of this Agreement or to any benefit that might arise therefrom directly or indirectly due to his employment by or financial interest in the Provider or any affiliate of the Provider, without the written consent of the State Purchases Review Committee. For breach or violation of this warranty, the Department shall have the right to annul this Agreement without liability or, in its discretion to otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

14. **ACCESS TO RECORDS** As a condition of accepting a contract for services under this section, a contractor must agree to treat all records, other than proprietary information, relating to personal services work performed under the contract as public records under the freedom of access laws to the same extent as if the work were performed directly by the department or agency. For the purposes of this subsection, "proprietary information" means information that is a trade secret or commercial or financial information, the disclosure of which would impair the competitive position of the contractor and would make available information not otherwise publicly available. Information relating to wages and benefits of the employees performing the personal services work under the contract and information concerning employee and contract oversight and accountability procedures and systems are not proprietary information. The Provider shall maintain all books, documents, payrolls, papers, accounting records and other evidence pertaining to this Agreement and make such materials available at its offices at all reasonable times during the period of this Agreement and for such

subsequent period as specified under Maine Uniform Accounting and Auditing Practices for Community Agencies (MAAP) rules. This subsection applies to contracts, contract extensions and contract amendments executed on or after October 1, 2009.

15. **TERMINATION** The performance of work under the Agreement may be terminated by the Department in whole, or in part, whenever for any reason the Agreement Administrator shall determine that such termination is in the best interest of the Department. Any such termination shall be effected by delivery to the Provider of a Notice of Termination specifying the extent to which performance of the work under the Agreement is terminated and the date on which such termination becomes effective. The Agreement shall be equitably adjusted to compensate for such termination, and modified accordingly.

16. **GOVERNMENTAL REQUIREMENTS** The Provider warrants and represents that it will comply with all governmental ordinances, laws and regulations.

17. **GOVERNING LAW** This Agreement shall be governed in all respects by the laws, statutes, and regulations of the United States of America and of the State of Maine. Any legal proceeding against the State regarding this Agreement shall be brought in State of Maine administrative or judicial forums. The Provider consents to personal jurisdiction in the State of Maine.

18. **STATE HELD HARMLESS** The Provider agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims, costs, expenses, injuries, liabilities, losses and damages of every kind and description (hereinafter in this paragraph referred to as "claims") resulting from or arising out of the performance of this Agreement by the Provider, its employees, agents, or subcontractors. Claims to which this indemnification applies include, but without limitation, the following: (i) claims suffered or incurred by any contractor, subcontractor, materialman, laborer and any other person, firm, corporation or other legal entity (hereinafter in this paragraph referred to as "person") providing work, services, materials, equipment or supplies in connection with the performance of this Agreement; (ii) claims arising out of a violation or infringement of any proprietary right, copyright, trademark, right of privacy or other right arising out of publication, translation, development, reproduction, delivery, use, or disposition of any data, information or other matter furnished or used in connection with this Agreement; (iii) Claims arising out of a libelous or other unlawful matter used or developed in connection with this Agreement; (iv) claims suffered or incurred by any person who may be otherwise injured or damaged in the performance of this Agreement; and (v) all legal costs and other expenses of defense against any asserted claims to which this indemnification applies. This indemnification does not extend to a claim that results solely and directly from (i) the Department's negligence or unlawful act, or (ii) action by the Provider taken in reasonable reliance upon an instruction or direction given by an authorized person acting on behalf of the Department in accordance with this Agreement.

19. **NOTICE OF CLAIMS** The Provider shall give the Contract Administrator immediate notice in writing of any legal action or suit filed related in any way to the Agreement or which may affect the performance of duties under the Agreement, and prompt notice of any claim made against the Provider by any subcontractor which may result in litigation related in any way to the Agreement or which may affect the performance of duties under the Agreement.

20. **APPROVAL** This Agreement must have the approval of the State Controller and the State Purchases Review Committee before it can be considered a valid, enforceable document.

21. **LIABILITY INSURANCE** The Provider shall keep in force a liability policy issued by a company fully licensed or designated as an eligible surplus line insurer to do business in this State by the Maine Department of Professional & Financial Regulation, Bureau of Insurance, which policy includes the activity to be covered by this Agreement with adequate liability coverage to protect itself and the Department from suits. Providers insured through a "risk retention group" insurer prior to July 1, 1991 may continue under that arrangement. Prior to or upon execution of this Agreement, the Provider shall furnish the Department with written or photocopied verification of the existence of such liability insurance policy.
22. **NON-APPROPRIATION** Notwithstanding any other provision of this Agreement, if the State does not receive sufficient funds to fund this Agreement and other obligations of the State, if funds are de-appropriated, or if the State does not receive legal authority to expend funds from the Maine State Legislature or Maine courts, then the State is not obligated to make payment under this Agreement.
23. **SEVERABILITY** The invalidity or unenforceability of any particular provision or part thereof of this Agreement shall not affect the remainder of said provision or any other provisions, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision or part thereof had been omitted.
24. **INTEGRATION** All terms of this Agreement are to be interpreted in such a way as to be consistent at all times with the terms of Rider B (except for expressed exceptions to Rider B included in Rider C), followed in precedence by Rider A, and any remaining Riders in alphabetical order.
25. **FORCE MAJEURE** The Department may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The Department may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.
26. **SET-OFF RIGHTS** The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any monies due to the Provider under this Agreement up to any amounts due and owing to the State with regard to this Agreement, any other Agreement, any other Agreement with any State department or agency, including any Agreement for a term commencing prior to the term of this Agreement, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Controller.
27. **ENTIRE AGREEMENT** This document contains the entire Agreement of the parties, and neither party shall be bound by any statement or representation not contained herein. No waiver shall be deemed to have been made by any of the parties unless expressed in writing and signed by the waiving party. The parties expressly agree that they shall not assert in any action relating to the Agreement that any implied waiver occurred between the parties which is not expressed in writing. The failure of any party to insist in any one or more instances upon strict performance of any of the terms or provisions of the Agreement, or to exercise an option or election under the Agreement, shall not be construed as a waiver or relinquishment for the future of such terms, provisions, option or election, but the same shall continue in full force and effect, and no waiver by any party of any one or more of its rights or remedies under the Agreement shall be deemed to be a waiver of any prior or subsequent rights or remedy under the Agreement or at law.

PART I INTRODUCTION

A. Purpose and Background

The State of Maine ("State"), through its Department of Administrative & Financial Services, Office of Information Technology and its Department of Labor ("Departments"), is seeking proposals for statewide sign language video remote interpreting (VRI) services as defined in this RFP document. This document provides instructions for submitting proposals, the procedure and criteria by which the Provider(s) will be selected, and the contractual terms which will govern the relationship between the State and the awarded Bidder(s).

The State of Maine provides access to D/deaf persons who use sign language so that they can benefit equally from the services, programs, employment opportunities, and resources that are available in Maine to hearing people.

It is anticipated that VRI services will be used by state agencies to communicate internally with State of Maine employees who require sign language interpreting services and also with members of the public who require sign language services to access or seek services of the State of Maine. VRI services are not intended to replace the traditional and appropriate use of on-site sign language interpreters; instead, this service is intended to supplement traditional on-site interpreting when on-demand and (on occasion) pre-scheduled sign language video remote interpreting services are needed and appropriate for the circumstances. The resulting contract(s) will result in state-wide Master Agreements.

B. General Provisions

1. Issuance of this RFP does not commit the State to issue an award or to pay expenses incurred by a Bidder in the preparation of a response to this RFP. This includes attendance at personal interviews or other meetings and software or service demonstrations, where applicable.
2. All proposals should adhere to the instructions and format requirements outlined in this RFP and all written supplements and amendments (such as the Summary of Questions and Answers) issued by the Department. Proposals are to follow the format and respond to all questions and instructions specified below in the "Proposal Submission Requirements and Evaluation" section of this RFP.
3. Bidders shall take careful note that the State, in evaluating a proposal submitted in response to this RFP, will consider materials provided in the proposal, information obtained through interviews/presentations (if any), and internal Departmental information of previous contract history with the Bidder (if any). The State also reserves the right to consider other reliable references and publicly available information in evaluating a Bidder's experience and capabilities.
4. The proposal shall be signed by a person authorized to legally bind the Bidder and shall contain a statement that the proposal and the pricing contained therein will remain valid and binding for a period of 180 days from the date and time of the bid opening.
5. The RFP and the selected Bidder's proposal, including all appendices or attachments, will be incorporated in the final contract.

BP 54 - AGREEMENT TO PURCHASE SERVICES

6. Following announcement of an award decision, all submissions in response to this RFP will be considered public records available for public inspection pursuant to the State of Maine Freedom of Access Act (FOAA) 1 M.R.S. §§ 401 et seq.; 5 M.R.S. § 1825-B (6).
7. The State, at its sole discretion, reserves the right to recognize and waive minor informalities and irregularities found in proposals received in response to this RFP.
8. The State of Maine Division of Purchases reserves the right to authorize other Departments to use the contract(s) resulting from this RFP, if it is deemed to be beneficial for the State to do so.
9. All applicable laws, whether or not herein contained, shall be included by this reference. It shall be Bidder's responsibility to determine the applicability and requirements of any such laws and to abide by them.

C. Eligibility to Submit Bids

Public agencies, private for-profit companies, and non-profit companies and institutions are invited to submit bids in response to this Request for Proposals

D. Licensure and Certification

All interpreting services provided under any resulting contract must be provided by interpreters who are:

(a) Licensed with the Maine Department of Professional and Financial Regulation in the Office of Licensing and Registration to provide such services; and

(b) Nationally certified to provide such services (through certification programs such as those provided by the Registry of Interpreters of the Deaf or any similar, widely-accepted, and nationally-recognized certifying body); and

(c) Appropriately certified to provide legal, medical, or other specialized interpreter services, in situations or circumstances when such services are needed.

Any use of non-certified ASL interpreters will be grounds for contract termination, unless the Provider has received a request-specific waiver in writing from the requesting State agency and the Division of Purchases. Services provided to participating entities under separate agreements would only require a waiver from the entity.

Providers of VRI Service must maintain and, when requested, provide documentation of interpreter qualifications for the individuals who are doing the interpreting under any contract resulting from this RFP.

E. Contract Terms

The State is seeking a cost-efficient proposal to provide services, as defined in this RFP, for the anticipated contract period defined in the table below. Please note that the dates below are estimated and may be adjusted as necessary in order to comply with all procedural requirements associated with this RFP and the contracting process. The actual contract start date will be established by a completed and approved contract.

Contract Renewal: Following the initial term of the contract, the State may opt to renew the contract for one renewal period of two years, subject to continued availability of funding and satisfactory performance.

BP 54 - AGREEMENT TO PURCHASE SERVICES

The term of the anticipated contract, resulting from this RFP, is defined as follows:

Period	Start Date	End Date
Initial Period of Performance	03-02-2015	03-01-2017
Renewal Period #1	03-02-2017	03-01-2019

F. Number of Awards

The State reserves the right to make one or multiple awards, whichever is in the best interests of the State, as a result of this RFP process.

G. Opportunities for Political Subdivisions, Municipalities, and School Districts

The State of Maine is committed to providing purchasing opportunities for political subdivisions, municipalities, and school districts. We encourage our contractors to make their services available to these entities through separate contracts but under the same terms offered to the State. Contractors may be asked to provide services to these entities.

PART IV PROPOSAL SUBMISSION REQUIREMENTS

This section contains instructions for Bidders to use in preparing their proposals. The Bidder's proposal must follow the outline used below, including the numbering and section and sub-section headings as they appear here. Failure to use the outline specified in this section or to respond to all questions and instructions throughout this document may result in the proposal being disqualified as non-responsive or receiving a reduced score. The Departments and their evaluation team for this RFP have sole discretion to determine whether a variance from the RFP specifications should result in either disqualification or reduction in scoring of a proposal. Rephrasing of the content provided in this RFP document will, at best, be considered minimally responsive. The State seeks detailed yet succinct responses that demonstrate the Bidder's experience and ability to perform the requirements specified throughout this document.

A. Proposal Format

1. For clarity, the proposal should be typed or printed. Proposals should be single-spaced with 1" margins on white 8 1/2" x 11" paper using a font no smaller than 12 point Times New Roman or similar.
2. All pages should be numbered consecutively beginning with number 1 on the first page of the narrative (this does not include the cover page or table of contents pages) through to the end, including all forms and attachments. For clarity, the Bidder's name should appear on every page, including Attachments. Each Attachment must reference the section or subsection number to which it corresponds.
3. Bidders are asked to be brief and to respond to each question and instruction listed in the "Proposal Submission Requirements" section of this RFP. Number each response in the proposal to correspond to the relevant question or instruction of the RFP.
4. The proposal should be limited to a maximum total of ten (10) pages. Pages provided beyond the aforementioned maximum amount will not be considered during evaluation. The following proposal elements, if applicable requested, will not be counted as part of the maximum total number of pages allowed for the proposal: proposal cover page, table of contents, financial forms, any required attachments, appendices, or forms provided by the Departments in the RFP, organizational charts, job descriptions, or staff résumés.
5. The Bidder may not provide additional attachments beyond those specified in the RFP for the purpose of extending their response. Any material exceeding the proposal limit will not be considered in rating the proposals and will not be returned. Bidders shall not include brochures or other promotional material with their proposals. Additional materials will not be considered part of the proposal and will not be evaluated.
6. Include any forms provided in the application package or reproduce those forms as closely as possible. All information should be presented in the same order and format as described in the RFP.
7. It is the responsibility of the Bidder to provide all information requested in the RFP package at the time of submission. Failure to provide information requested in this RFP may, at the discretion of the Departments' evaluation review team, result in a lower rating for the incomplete sections and may result in the proposal being disqualified from consideration.
8. Bidders should complete and submit the proposal cover page provided in Appendix A of this RFP and provide it with the Bidder's proposal. The cover page must be the first page of the proposal package. It is important that the cover page show the specific information requested, including Bidder address(es) and other details listed. PART V PROPOSAL EVALUATION AND SELECTION

The Departments will accomplish the evaluation of the submitted proposals as follows:

A. Evaluation Process - General Information

1. An evaluation team, comprised of qualified reviewers, will judge the merits of the proposals received in accordance with the criteria defined in the RFP, and in accordance with the most advantageous cost and economic impact considerations (where applicable) for the State.
2. Officials responsible for making decisions on the selection of a contractor shall ensure that the selection process affords equal opportunity and appropriate consideration to all who are capable of meeting the specifications. The goals of the evaluation process are to ensure fairness and objectivity in review of the proposals and to ensure that the contract is awarded to the Bidder whose proposal best satisfies the criteria of the RFP at a reasonable/competitive cost.
3. The State reserves the right to communicate and/or schedule interviews/presentations/demonstrations with Bidders if needed to obtain clarification of information contained in the proposals received, and the Department may revise the scores assigned in the initial evaluation to reflect those communications and/or interviews/presentations/demonstrations. Interviews/presentations/demonstrations may or may not be required. Changes to proposals will not be permitted during any interview/presentation/demonstration process. Therefore, Bidders should submit proposals that present their costs and other requested information as clearly and completely as possible.

B. Scoring Weights and Process

1. **Scoring Weights:** The score will be based on a 100 point scale and will measure the degree to which each proposal meets the following criteria.

Section I. Organization Qualifications and Experience (30 points)
Includes all elements addressed above in Part IV, Section I.

Section II. Specifications of Work to be Performed (35 points)
Includes all elements addressed above in Part IV, Section II.

Section III. Cost Proposal (35 points)
Includes all elements addressed above in Part IV, Section III.

2. **Scoring Process:** The review team will use a consensus approach to evaluate the bids. Members of the review team will not score the proposals individually but instead will arrive at a consensus as to assignment of points on each category of each proposal. The contract award(s) will be made to the Bidder(s) receiving the highest number of evaluation points, based upon the proposals' satisfaction of the criteria established in the RFP.
3. **Scoring the Cost Proposal:** The total cost proposed for conducting all the functions specified in this RFP will be assigned a score according to a mathematical formula based on total cost for VRI services from Cost Proposal Table B. The lowest bid will be awarded 35 points. Proposals with higher bids values will be awarded proportionately fewer points calculated in comparison with the lowest bid.

BP 54 - AGREEMENT TO PURCHASE SERVICES

The scoring formula is:

$$(\text{lowest submitted cost proposal} : \text{cost of proposal being scored}) \times 35 = \text{pro-rated score}$$

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

4. Negotiations

The State reserves the right to negotiate with the successful Bidder(s) to finalize a contract at the same rate or cost of service as presented in the selected proposal. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the Department's Request for Proposals to an extent that may affect the price of goods or services requested. The State reserves the right to terminate contract negotiations with a selected respondent who submits a proposed contract significantly different from the proposal they submitted in response to the advertised RFP. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the State may withdraw the award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the State may cancel the RFP, at their sole discretion.

C. Selection and Award

1. The final decision regarding the award of the contract will be made by representatives of the State and subject to approval by the State Purchases Review Committee.
2. Notification of contractor selection or non-selection will be made in writing by the State.
3. Issuance of this RFP in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.
4. The State reserves the right to reject any and all proposals or to make multiple awards.

D. Appeal of Contract Awards

Any person aggrieved by the award decision that results from this RFP may appeal the decision to the Director of the Bureau of General Services in the manner prescribed in 5 MRSA § 1825-E and 18-554 Code of Maine Rules, Chapter 120 (found here: <http://www.maine.gov/purchases/policies/120.shtml>). The appeal must be in writing and filed with the Director of the Bureau of General Services, 9 State House Station, Augusta, Maine, 04333-0009 within 15 calendar days of receipt of notification of contract award.

If this RFP results in the creation of a pre-qualified or pre-approved list of vendors, then the appeal procedures mentioned above are available upon the original determination of that vendor list, but not during subsequent competitive procedures involving only the pre-qualified or pre-approved list participants.

BP 54 - AGREEMENT TO PURCHASE SERVICES

PART VI CONTRACT ADMINISTRATION AND CONDITIONS

A. Contract Document

1. The successful Bidder will be required to execute a contract in the form of a State of Maine Agreement to Purchase Services (BP54). A list of applicable Riders is as follows:

Rider A: Specification of Work to be Performed
Rider B: Method of Payment and Other Provisions
Rider C: Exceptions to Rider B
Rider D: RFP for Video Remote Interpreting Services
Rider E: Vendor Response to RFP
Rider G: Identification of Country in Which Contracted Work Will Be Performed
(Additional Riders can be added as needed by the Department.)

Other forms and contract documents commonly used by the State can be found on the Division of Purchases website at the following link: <http://www.maine.gov/purchases/info/forms.shtml>

2. Allocation of funds is final upon successful negotiation and execution of the contract, subject to the review and approval of the State Purchases Review Committee. Contracts are not considered fully executed and valid until approved by the State Purchases Review Committee and funds are encumbered. No contract based on an RFP will be approved which has an effective date less than fourteen (14) calendar days after award notification to Bidders. (Referenced in the regulations of the Department of Administrative and Financial Services, Chapter 110, § 3(B)(i): <http://www.maine.gov/purchases/policies/110.shtml>)

This provision means that a contract cannot be effective until at least 14 days after award notification.

3. The Departments estimate having a contract in place by 03/02/2015. The State recognizes, however, that the actual contract effective date depends upon completion of the RFP process, date of formal award notification, length of contract negotiation, and preparation and approval by the State Purchases Review Committee. Any appeals to the State's award decision(s) may further postpone the actual contract effective date, depending upon the outcome. The contract effective date may need to be adjusted, if necessary, to comply with mandated requirements.

4. In providing services and performing under the contract, the successful Bidder shall act independently and not as an agent of the State of Maine.

B. Standard State Agreement Provisions

1. Agreement Administration
 - a. Following the award, an Agreement Administrator from the Departments will be appointed to assist with the development and administration of the contract and to act as administrator during the entire contract period. Departments' staff will be available after the award to consult with the successful Bidder in the finalization of the contract.

BP 54 - AGREEMENT TO PURCHASE SERVICES

b. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the Departments may withdraw its award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the Department may cancel the RFP, at its sole discretion.

2. Payments and Other Provisions
The State anticipates paying the Contractor on the basis of net 30 payment terms, upon the receipt of an accurate and acceptable invoice. An invoice will be considered accurate and acceptable if it contains a reference to the State of Maine contract number, contains correct pricing information relative to the contract, and provides any required supporting documents, as applicable, and any other specific and agreed-upon requirements listed within the contract that results from this RFP.

Section 1 Organization Qualifications and Experience

1. Overview of the Organization

Founded in 1936, Pine Tree Society provides direct service programs statewide to people with disabilities. In fiscal year 2014, the Society's many quality programs helped thousands of individuals with disabilities. The Society continues to meet the many and varied needs of Maine people through innovative direct service programs, creative funding strategies and cost-conscious spending. In doing so, our organization has become one of Maine's most well-respected providers of services for people with disabilities.

Established in 1976 by Pine Tree Society, the Interpreting Services Program is the only statewide not-for-profit interpreter referral service in Maine. The array of services provided by Interpreting Services includes more than 15 years of experience administering the former legal interpreting contract, several contracts with local hospitals and a grant awarded from the United States Department of Commerce, Technology Opportunities Program to fund the Video Relay Interpreting Project (October 1, 2001 through September 30, 2004), a collaborative project to provide video remote interpreting services (VRI) to hospitals, state agencies and private, not-for-profit organizations using interactive video conferencing. Since the completion of the VRI Grant, Interpreting Services has continued to provide VRI services to various hospitals, State Agencies, businesses and the Maine Court System.

Pine Tree Society continues to demonstrate exceptional ability to manage and deliver interpreting services state wide by employing six full-time interpreter staff members. The Interpreting Services Program Director possesses a BA degree in government, CSC and SC: L certifications, and more than 40 years of experience in the field of Deafness, 31 of those years as a nationally certified interpreter. The director has proven rapport, trust and experience in serving the Deaf and Hard of Hearing communities in Maine by his many years of experience, participation on many committees and service boards and providing a variety of training and workshops to interpreters in Maine and throughout New England. The Scheduling Supervisor has over 17 years of experience in the field of Deafness as an educator and interpreter. She holds a MA in Deaf Education, CI, CT, and ED: K-12 certifications. She serves as president of the Maine Registry of Interpreters for the Deaf and is active in presenting and coordinating Professional Development activities for interpreters in Maine. Our four Scheduler/Interpreters include Licensed and Certified interpreters including an SC: I, Legal interpreter and a Licensed Deaf Interpreter. Our staff members provide direct interpreting services based on qualifications, need and appropriateness for the specific situation.

Interpreting Services maintains a compliment of approximately 40 highly qualified and experienced contract interpreters in addition to the 6 full-time staff members. These private practice interpreters adhere to the Registry of Interpreters for the Deaf, Inc. (RID) Code of Professional Conduct. Eighty (80%) percent of the interpreters currently in the Interpreting Services pool of sub-contractors and staff interpreters are nationally certified by the Registry of Interpreters for the Deaf and all are duly licensed by the Maine Department of Professional and Financial Regulation, Office of Licensing and Registration and are fully qualified to interpret in the State of Maine. As part of the licensing process, a state background check is conducted. In

BP 54 - AGREEMENT TO PURCHASE SERVICES

addition, for requestors requiring additional screening, a number of interpreters, both staff and sub-contractors, have had national background checks and State of Maine fingerprint checks.

Of the 14 interpreters currently listed on the Maine list of Legally Qualified Sign Language Interpreters, two are staff members of Pine Tree Society. Nine others work with Pine Tree Society as contract interpreters. Of the three Deaf Legally Qualified Sign Language Interpreters on the Maine list, two are members of our contract pool of interpreters.

3. Description of Experience with Similar Projects within the Past Five Years

Wentworth-Douglass Hospital, Dover, New Hampshire

Sandy Payne

603-740-2451 sandy.payne@wdhospital.com

Since 2010, Pine Tree Society has been a contracted provider of interpreting services to Wentworth-Douglass Hospital. Pine Tree Society is contracted to provide on-site interpreters, emergencies after hours, weekends, and holidays to the hospital complex and their satellite sites. In the fall of 2014, Pine Tree Society supported Wentworth-Douglass' goal to provide VRI services utilizing local interpreters. Pine Tree Society, as a component of the contract, provided support which included technical consults, staff training, and live tests. In 2015, VRI, on-demand services during business hours was launched as part of the comprehensive contract.

Maine General Medical Center

Tammy Harmon, Coordinator, Coordinator Patient Advocacy

207-248-5291 tammy.harmon@MaineGeneral.org

Maine General was one of the original partners with the VRI interpreting grant. Since 2004 MaineGeneral has contracted with Pine Tree Society to provide interpreting services. Pine Tree Society provides VRI services as a component of a comprehensive contract that covers MGMC major sites. VRI is one of the options employed to provide access to patients who are Deaf or Hard of Hearing.

Probation and Parole, Maine Department of Corrections

Tim Quinn

207-941-4267 timothy.quinn@maine.gov

For approximately 2 years, Pine Tree Society has been providing a legally qualified interpreter via VRI for periodic probation check-in meetings. Because of the shortage of legally qualified interpreters in the Bangor area, it is both cost effective and an appropriate use of resources for these meetings to be interpreted via VRI.

BP 54 - AGREEMENT TO PURCHASE SERVICES

Section II Proposed Services

I. Services to be Provided

Pine Tree Society will provide On Demand and pre scheduled VRI interpreting services to state agencies covered by the contract. The process of requesting services includes a request via phone to the scheduling office. Pertinent information will be provided by the requester of services to the scheduler at the time of the phone request including contact person, State agency name and location where VRI will connect, name of Deaf consumer, assignment situation. The scheduler assists the requester in assessing appropriateness of VRI for the specific situation for which an interpreter is requested, screens for any potential conflicts of interest and determines that the credentialing of the assigned interpreter is appropriate for the situation. If suitable for VRI, the scheduler will process the call. The scheduler will be trained to provide assistance in accessing the service.

If VRI is not suitable for the situation, the scheduler will advise of alternate resources and provide communication support while on-site interpreting is arranged.

Scope of Services to be Provided

It is understood that the State is seeking an effective Video Remote Interpreting Service to optimize communication with D/deaf persons who work for, or seek access to services from, State agencies or offices. Pine Tree Society's VRI Service will function so that D/deaf members of the public/customers and employees of the State, using Sign Language and English as their means of conversing, can communicate effectively through an interpreter.

Pine Tree Society will access the internet to provide VRI services that operate easily and interface effectively within the State's information technology system. Pine Tree Society's sophisticated database will allow for maintenance of records and permit separate invoicing to Departments or other Maine public entities using the system. Pine Tree Society will meet the following requirements:

A. Customer Functionality

1. Interpreters will be available on-demand during core hours. During non-core hours interpreters will be available via our after hours on call system (EM-COM). Access to this service will be accomplished utilizing cloud technology.
2. Any laptop, desktop, or tablet computer with a web camera and access to a web browser and high speed internet connection can easily access this service and can be accomplished by anyone knowledgeable of and able to connect to commonly used web browsers.
3. Any staff member familiar with use of a laptop will easily be able to access the service.
4. Interpreters providing interpreting services are drawn from the local pool of licensed, certified interpreters and work on a daily basis within the Deaf and hard of hearing communities in Maine. They are familiar with regional signs, place names and dialects used within Maine. Interpreters are also familiar with the structure and organization of state government in Maine.
5. Each interpreter providing services will be trained to assist requesters in connecting to the

Page 4

BP 54 - AGREEMENT TO PURCHASE SERVICES

video conference room. Additional training would be available upon request.

B. Interpreting Performance

As an experienced Maine provider, Pine Tree Society is familiar with the Deaf community of Maine and has a working knowledge of the credentialing/expertise needed by the Maine Deaf Community. Our data base includes data regarding conflict of interests. Staff will assist requesters in assessing the suitability for VRI.

Pine Tree Society understands that interpreting is not the only service component that sets us apart. Our scheduling team works closely with requestors to determine the appropriate level of credentialing/expertise and ensure that there are no conflicts of interest. This is especially important in legal situations, where there is a limited pool of qualified legal interpreters in the state and scheduling must take into consideration the safeguards for the accused, victims and legal entities.

Pine Tree Society has a long history of providing both VRI and on site interpreting and can readily partner with requestors to determine the suitability of VRI for effective communication. For example, on demand is suitable for limited legal interactions, triage at a site (responding officers) and for walk-in customers at the clerk's counter in court houses. Legal interviews are best handled on site and require special handling for Miranda.

Pine Tree Society also has a Deaf interpreter on staff for situations where a consumer uses atypical visual communication and will be able to provide Deaf team interpreting on a pre-scheduled basis.

Interpreters providing services will comply with all Federal and State statutes and regulations related to the protection of confidential information of all persons served under the terms of the Agreement and comply with Title II, Subtitle F, Section 261-264 of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, titled "Administrative Simplification," and the rules and regulations promulgated thereunder.

Pine Tree Society will provide interpreter services to the State in a professional and ethical manner. To review the signed copy of the Code of Professional Conduct acknowledgment form, refer to Attachment 2.

C. Technical Requirements:

1. After careful review and consultation with Maine Connected Technologies, Pine Tree Society can affirm that our VRI services meets the technical requirements and is compatible with existing State of Maine Information Technology System and usable from existing State user equipment. **Certification Regarding
Debarment, Suspension and Other Responsibility Matters
Primary Covered Transactions**

BEFORE SIGNING THIS CERTIFICATION, PLEASE READ THE ATTACHED INSTRUCTIONS WHICH ARE AN INTEGRAL PART OF THE CERTIFICATION

Vendor/Organization Name <i>Pine Tree Society</i>		Agreement Number
Name of Authorized Representative <i>Noel Sullivan</i>	Title <i>President / CEO</i>	
Signature 	Date of Signature <i>April 15, 2015</i>	

This Certification is required by the Regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510, Participants' Responsibilities. The Regulations were published as Part VII of the May 26, 1998 Federal Register (pages 19160-19211).

1. The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction, violation of Federal or State anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c. Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1.b of this Certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the Certification set out below.
2. The inability of a person to provide the Certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the Certification set out below. The Certification or explanation will be considered in connection with the Maine Department of Health and Human Services (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a Certification or an explanation shall disqualify such person from participation in this transaction.
3. The Certification in this clause is material representation of fact upon which reliance was placed when the DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous Certification, in addition to other remedies available to the Federal Government, the DHHS may terminate this transaction for cause of default.
4. The prospective primary participant shall provide immediate written notice to the DHHS if at any time the prospective primary participant learns its Certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the DHHS for assistance in obtaining a copy of these regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions" provided by the DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Lists of Parties Excluded from Procurement or Nonprocurement Programs.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the DHHS may terminate this transaction for cause or default.
