SUMMARY: Sets forth the standard interest rate established pursuant to 36 MRSA §§186 and 186-A that is charged against unpaid taxes and paid by the State on overpayment of taxes. The interest charged on outstanding county taxes cannot exceed this rate of interest (36 MRSA §892-A).

The interest rate on underpayments and overpayments of tax for the period from July 1, 2004 to December 31, 2004 is established pursuant to 36 MRSA §§186 and 186-A. The interest rate for any calendar year after 2004 is established pursuant to 36 MRSA §186, which provides that the interest rate equals the highest prime rate as published in the Wall Street Journal on the first day of September of the preceding calendar year or, if the first day of September falls on a weekend or holiday, on the next succeeding business day, rounded up to the next whole percent plus 3 percentage points. The interest charged to a person upon late payment of taxes pursuant to 36 MRSA §186 is compounded monthly for each month or fraction thereof that the tax remains unpaid.
