Physical location: Maine Revenue Services, 51 Commerce Drive, Augusta, ME 04330

INSTRUCTIONS

Estimated Payment. Every fire insurance company or association that does business or collects premiums or assessments in Maine is required by statute to pay 1.4% of the gross direct premiums for fire risks written in Maine, less the amount of all direct return premiums and all dividends paid to policyholders on direct fire premiums. The tax must be paid on an estimated basis at the end of each month, with each installment equal to at least 1/12 of the estimated total tax to be paid for the current calendar year.

25 M.R.S. § 2399 requires the Bureau of Insurance to determine every 5 years the basis percentage of fire risk allocated to each line of insurance. The first determination was made in October 2013 and applies to tax periods beginning on or after January 1, 2014. Insurance companies and associations must calculate their estimated tax payment on the basis of the updated allocation rates below. Companies and associations will no longer be able to calculate the tax on the basis of alternate ratios.

Table with 2 columns: Line of Business (Form INS-5, line 1) and Percentage of Premiums allocated to fire (Form INS-5, line 1, column E). Rows include Fire (100.00%), Inland Marine (21.24%), Aircraft Physical Damage (Actual), Auto - Private (1.91%), Auto - Commercial (6.93%), Farmowners Multiple Peril (47.56%), Homeowners Multiple Peril (39.99%), Commercial Multiple Peril (44.59%), and All Other Fire Related (100.00%).

Interest & Penalty. For calendar year 2017, the interest rate is 7%, compounded monthly. The penalty for failure to file a return on time is the greater of \$25 or 10% of the tax due, unless the return is filed more than 60 days after the receipt of a demand notice from the state tax assessor, in which case the failure-to-file penalty becomes the greater of \$25 or 25% of the tax due.

The penalty for failure to pay a tax liability timely is 1% of the outstanding liability for each month or fraction thereof during which the failure continues, to a maximum of 25% of the outstanding liability.

Form INS-5, Annual Return. File Form INS-5 by March 15, 2018 to reconcile your 2017 fire investigation and prevention tax liability with the estimated tax payments and to pay any additional tax due to avoid interest and penalty charges.

Statutory References. This return is made in compliance with 25 M.R.S. § 2399 and 36 M.R.S. § 2521-A.

Rows include Fire (100.00%), Inland Marine (21.24%), Aircraft Physical Damage (Actual), Auto - Private (1.91%), Auto - Commercial (6.93%), Farmowners Multiple Peril (47.56%), Homeowners Multiple Peril (39.99%), Commercial Multiple Peril (44.59%), and All Other Fire Related (100.00%).

Interest & Penalty. For calendar year 2017, the interest rate is 7%, compounded monthly. The penalty for failure to file a return on time is the greater of \$25 or 10% of the tax due, unless the return is filed more than 60 days after the receipt of a demand notice from the state tax assessor, in which case the failure-to-file penalty becomes the greater of \$25 or 25% of the tax due.

The penalty for failure to pay a tax liability timely is 1% of the outstanding liability for each month or fraction thereof during which the failure continues, to a maximum of 25% of the outstanding liability.

Form INS-5, Annual Return. File Form INS-5 by March 15, 2018 to reconcile your 2017 fire investigation and prevention tax liability with the estimated tax payments and to pay any additional tax due to avoid interest and penalty charges.

Statutory References. This return is made in compliance with 25 M.R.S. § 2399 and 36 M.R.S. § 2521-A.

INSTRUCTIONS

Estimated Payment. Every fire insurance company or association that does business or collects premiums or assessments in Maine is required by statute to pay 1.4% of the gross direct premiums for fire risks written in Maine, less the amount of all direct return premiums and all dividends paid to policyholders on direct fire premiums. The tax must be paid on an estimated basis at the end of each month, with each installment equal to at least 1/12 of the estimated total tax to be paid for the current calendar year.

25 M.R.S. § 2399 requires the Bureau of Insurance to determine every 5 years the basis percentage of fire risk allocated to each line of insurance. The first determination was made in October 2013 and applies to tax periods beginning on or after January 1, 2014. Insurance companies and associations must calculate their estimated tax payment on the basis of the updated allocation rates below. Companies and associations will no longer be able to calculate the tax on the basis of alternate ratios.
