OFFICE OF VOCATIONAL AND ADULT EDUCATION

MAY 01 2013

PROGRAM MEMORANDUM – FY 2013

TO: State Directors of Career and Technical Education

FROM: Johan Uvin 
Delegated Authority to Perform the Functions and Duties of the
Assistant Secretary
Office of Vocational and Adult Education

SUBJECT: Estimated Fiscal Year (FY) 2013 State Allocations under the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) and Request for Conforming Revisions to State Plan Submissions, Including Budgets (OMB Approval Number 1830-0029)

I am providing you with estimated State allocations for FY 2013 under Title I (Career and Technical Education Assistance to the States) of the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV or the Act). Pursuant to the Consolidated and Further Continuing Appropriation Act, 2013, the first portion of Title I funds becomes available for obligation by the Secretary on July 1, 2013. Under the Education Department General Administrative Regulations (EDGAR) at 34 §76.703(d), July 1, 2013 is the earliest date that your State can obligate these funds.

The estimated FY 2013 allocations in Table 1 reflect the impact of the sequester on States under Title I of the Perkins IV as well as an across-the-board reduction. The 2013 funding reductions do not change the underlying statutes or rules for particular Federal education programs, and, thus, formula programs, such as Perkins IV, still distribute funds under laws that establish rules for allocating funds. The Perkins IV formula for allocating funds to States results in disparate changes to States' FY 2013 allocations compared to last year's allocations, including that there are no decreases in allocations for a number of States due to the provision in the Perkins IV formula that every State must receive at least the same amount it received under the program in 1998.

Perkins IV, Title I funds become available to your State at two separate times. Your first installment of Title I funds (approximately 26 percent) will become available on July 1, 2013. The remainder of your Title I funds will become available on October 1, 2013. Your State must obligate all funds by September 30, 2015. In addition, under EDGAR at 34 CFR §80.23(b), you must liquidate obligations within 90 days of the end of the funding period unless an extension is approved by this office.

Table 1 provides estimated Title I allocations for each State and outlying area, including the split of funds between July 1 and October 1. Please note the following with regard to the estimated allocations:

- Perkins IV requires that States distribute secondary funds under section 131(a)(2) of the Act based on the Bureau of the Census' estimate of the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency and are from families below the poverty level for the preceding fiscal year, as determined by the most recent satisfactory data used under section 1124(c)(1)(A) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) compared to the total number of such individuals who reside in the school districts served by all the local educational agencies in the State for such preceding fiscal year. ***This computation must be based on the 2011 poverty estimates provided by the Bureau of the Census (in the column entitled "Relevant age 5 to 17 in families in poverty"), which are based on 2011-2012 school district boundaries, and which may be obtained at: <http://www.census.gov/did/www/saipe/data/interactive/#>***

- Perkins IV also requires that States distribute secondary funds under section 131(a)(1) of the Act based on the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency for the preceding year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the State for such preceding fiscal year. ***This computation must be based on either—***
 - ***The 2011 age-5-through-17 population estimates provided by the Bureau of the Census (in the column entitled "Relevant age 5 to 17"), which are based on 2011-2012 school district boundaries, and which may be obtained at: <http://www.census.gov/did/www/saipe/data/interactive/#>,***
