

Natural Resources Agency Task Force

Homework #3-- Future challenges and opportunities for Maine's natural resources

In our July 7th meeting, we heard that we need to frame our work to anticipate the future rather than solve problems of the past. We all have seen significant changes in the Maine scene over the last 20 years, and all of us have some views about the changing context for protecting and managing Maine's natural resources over the next 20 years.

Please spend a few moments, and from your own experience or knowledge, project 2-4 key challenges and opportunities to Maine's natural resource base over the next 20 years-- things we should consider as we carry out our work as a task force and begin to consider recommendations regarding Maine's natural resource agencies.

Key Challenges to Maine's Natural Resources 2010-2020

- 1.
- 2.
- 3.

Opportunities for Maine's Natural Resources 2010-2020

- 1.
- 2.
- 3.

Please reply to this email by Friday, July 18 with your input. We will bring a summary of the results to our meeting on July 22.
