The Ninth Canadian Public Safety Interoperability Workshop

November 29 to December 2, 2015 in Toronto, ON

CITIG NINE

“CHANGE. CHALLENGE. OPPORTUNITY!”

Join us for Canada’s premiere communications interoperability event from November 29 to December 2, 2015 in Toronto. The Ninth Canadian Public Safety Interoperability Workshop, widely known as CITIG Nine, will again break new ground on key voice and data interoperability issues facing today’s public safety sector. The focus on information exchange, topic-specific discussion and interactive break-outs aims to support and promote the transfer of best practices and experience, and the development of a more unified approach to public safety interoperability across the country, between nations and internationally.

TARGET AUDIENCE

Interoperability leaders and practitioners from:

- First-responder agencies (law enforcement, fire, paramedic, emergency management)
- Other public safety providers (federal, provincial, territorial, municipal)
- Military and Coast Guard
- Government agencies and utilities
- Non-governmental organizations in the emergency response and humanitarian aid sphere
- Academic and research institutions
- Industry professionals
