Memorandum

To: Board of Pesticides Control
From: John Pietroski, Acting Director
Subject: LD 1770: Resolve, Directing the Board of Pesticides Control to Transition to Electronic Submission of Pesticides Sales and Use Data

October 13, 2023

Background:

On June 23, 2023, LD 1770 “Resolve, Directing the Board of Pesticides Control to Transition to Electronic Submission of Pesticides Sales and Use Data” was signed by the governor. This resolve directs BPC to conduct rulemaking requiring electronic submission of annual commercial applicator reports and pesticide dealer reports. The Board is also obligated to submit a report to the legislature by March 2024 that reports on the progress made on the implementation of this resolve.

L.D. 1770 Resolve, Directing the Board of Pesticides Control to Transition to Electronic Submission of Pesticides Sales and Use Data

Sec. 1. Board of Pesticides Control; pesticides sales and use data. Resolved: That, pursuant to the Maine Revised Statutes, Title 22, section 1471-M, subsection 2, paragraph D, the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control shall adopt any rules necessary to implement the transition from paper to electronic format of reports required to be submitted to the board as required by Title 22, section 1471-G. The board shall implement a system of electronic data collection that is efficient for those required to submit reports to the board under Title 22, section 1471-G and useful to the board and members of the public. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Sec. 2. Report. Resolved: That, no later than March 1, 2024, the director of the Board of Pesticides Control within the Department of Agriculture, Conservation and Forestry shall submit a report regarding rulemaking and implementation of electronic reporting under section 1 to the Joint Standing Committee on Agriculture, Conservation and Forestry,

which may report out a bill to the Second Regular Session of the 131st Legislature based on the report.

The Board has appointed a member to engage with staff, stakeholders and developers to discuss changes to BPC's existing software solution, MEPERLS.

Potential Rulemaking

The Board may need to engage in rulemaking to implement LD 1770 in Chapter 50: Recordkeeping & Reporting. The Board may want to consider:

1. Adding language that makes reports submitted electronically through a portal
2. Creating a timeline for implementation and start year that electronic reports will be required; and
3. Additional language for the transition from paper to electronic reports, especially for individuals that do not have computer or broadband access.
