I oppose the use of pesticides at Biddeford Pool to control the invasive bittersweet and poison ivy. Please consider using goats and volunteer days to combat this problem. Although I no longer live at Biddeford Pool, I have long family history there. My mother ran Hattie's Restaurant and we lived next to Hattie's. My great grandfather ran Crowley's Lobster Pound. My aunt attended school in a one room school house at the Union Church. As children my cousins and I played all over Biddeford Pool and knew every path and backyard and way to the beach. I am concerned that pesticides will have a severe and negative impact to wildlife, pollinators and human health.

Sincerely,

Hattie McCarthy
